## COUNCIL BRIEFS

### SNOW REMOVAL

Last year the village of Stirling paid \$3,300 for snow removal operations. This year, because of the increased snowfall, the cost of snow removal was \$5,800.

Even though expenditures were up 66% from last year, Reeve Robert Anderson said Monday night that the winter control expenses were not as high as he had expected. Councillor Fred Brandt said that Stirling made out just as well as anyone, considering the record snowfall.

### CONSERVATION BUDGET

The 1971 budget for the Lower Trent Region Conservation Authority was shown to council at Monday night's meeting. A letter from the conservation authority stated a total budget of \$164,630.

The portion of this figure that has been levied on Stirling to pay is \$726.80, this amount being calculated using an equalized levy for the Lower Trent watershed.

### BUILDING SNAG

Delbert Chynpys appeared before council at Monday night's meeting to request that the building restriction of having to build 35 feet from Church Street on new constructions be lifted so that he could build a house in line with those now established.

Reeve Robert Anderson stated that the existing homes were built under the old bylaw, where the distance was less than 35 feet. Reeve Anderson said that although the plan of the zoning bylaw was long-range, it had to be effected at some time in order for the village to follow the desirable growth pattern. The reeve also said that to get permission to build closer to Church Street, an application would have to be made to the Committee of Adjustment.

### STREET LIGHTS

A motion concerning street lights was made by Councillor Fred Brandt at Monday night's council meeting. The motion asked for the street light at the north corner of James and Gore Streets to be moved south on James to the first pole south of Gore Street. The motion was seconded by Councillor Maurice Montgomery and passed by a unanimous vote. The motion was forwarded to the Public Utilities Commission.

### SWEESTAKES

A motion was made by Councillor Fred Brandt at Monday night's council meeting to permit the Ontario Sweepstakes Lottery to sell tickets in Stirling. The lottery, organized and carried out by the North Middlesex Area Committee, would have total prizes of \$100,000. Tickets would cost \$2.50 each and be sold separately or in books of 12. The ticket salesman would receive \$5.00 commission for each book of tickets sold.

Some of the charitable organizations to receive funds from this lottery are the Heart Fund, Crippled Children, Canadian Cancer Society and Muscular Dystrophy.

The motion to permit the selling of tickets in Stirling for this lottery was seconded by Councillor Maurice Montgomery and passed by council.

### SEWAGE TREATMENT

On Monday, April 12, the engineering firm contracted by the village of Stirling, Hisey and Barrington, will be meeting with representatives from the Kingston division of the Ontario Water Resources Commission to discuss the lagoon and possible additions to the village's sewage system.

At present, the sewage lagoon covers an area of 12 acres. With each acre believed to be capable of taking care of the needs of 100 people, this gives a capacity for 1200 people. While the official population of the village is 1472, not all of the people contained within that figure rely on the lagoon treatment system.

### LOTTERY LICENSING

A letter from the Minister of Financial and Commercial Affairs was read at council meeting Monday evening.

The letter concerned the control and licensing of lottery tickets in the Province of Ontario. Under the new lottery regulations, licences may be issued to community-spirited groups if the proceeds are used for charity or for community betterment programs.

The Minister said that lottery licences should not be issued for use by any political group or any organization with political affiliation.

### APPRECIATION

A letter from the Hastings County Board of Education was read at Monday night's council meeting. The letter expressed appreciation for helping to keep the roads open for school buses in spite of the excessive snowfall this winter.

Two officers of the Stirling Chamber of Commerce tendered their resignations during a general meeting of the Chamber membership at Hum's Restaurant last Thursday evening.

Graham Mouck, president, and Eugene Burrell, long time secretary-treasurer, both announced their desire not to stand for re-election.

A nominating committee composed of Robert Hulin and George Noble was appointed to bring in

nominees for the offices of president, vice-president and secretary-treasurer, to the next general meeting slated for Wednesday, April 14 at 6:30 p.m., at Hum's Restaurant. It will take the form of a dinner meeting.

Chamber officials are hoping for a good turnout at this meeting to ensure a revitalized Chamber for 1971.

The retiring president, Mr. Mouck, said he found it necessary to step down from the position in order to be able to devote more time to the running of his own business.

Mr. Mouck said he felt the Chamber should take a stand in regard to the security in the village, in view of the recent resignation of the bylaw officer.

The village council is faced with the problem of whether to engage another bylaws officer, who has limited authority, or whether to hire a full-fledged policeman who now commands a salary in most communities of \$10,000.

He said he spoke from experience when he noted that shoplifting is becoming a problem for merchants.

I understand that in Madoc, some stores are closing because 12 noon and 1 o'clock," he said.

Councillor Edward Klompaker, who was in attendance, said council has been working on the problem and should "find out something" within the next week or two.

David Duffin voiced the opinion that it is a waste of money to engage a bylaws officer who has no more authority than the last officer had.

Councillor Klompaker replied that the powers are vested in a bylaws officer, but it must be understood that he is not a policeman. He enforces local bylaws only.

The village has been assured by the Ontario Provincial Police that a cruiser will be within 10 miles of Stirling at all times, in the event an officer is needed, he said.

Some of the duties of a bylaws officer were listed as being the control of parking, checking the doors of business establishments during the night and traffic control.

Mr. Mouck pointed out that one serious problem is that a man cannot be expected to work more than 40 hours a week, which means that no one is available to carry out the above mentioned duties most of the time.

After a considerable amount of discussion, the members agreed that some kind of official supervision is needed in Stirling, but council is the body which must make the decision, because it knows how much money is available.

## Direct Distance Dialing coming to Stirling this fall

BY ROY LEWIS  
Staff Reporter

At the present time, approximately 75 workmen from Northern Electric are constructing a \$2 million installation at the Bell Canada exchange in Belleville. When they are finished, some 40,000 customers in Hastings and Prince Edward Counties, including the more than 1,400 on the Stirling exchange, will have direct dialing to any area serviced by Bell.

The new facilities, not to be confused with toll free dialing, will eliminate the need to contact an operator for a long distance call, except when the call is either person to person or if the caller wishes to reverse the charges.

The new service is expected to begin some time in September of this year. When the direct dialing begins, a person wishing to make a station to station long distance call dials the number one, followed by the seven digits of the number he is calling.

He must also dial the area code after the number one if it is different from 613. A beep beep signal is then heard by the caller. Following this signal he gives the number of the telephone he is calling from or his own home or business telephone, if he wishes for the charge to go there. He will then be directly connected to the number he is dialing.

The usual procedure of calling the operator will still be required for a person to person call, or if the caller wants the charges reversed to the number he is calling.

In commenting on the new service, E. G. Thompson, manager for Bell Canada in Belleville, said "the main reason for the new service is to overcome the problem of billing." He went on to explain that the new service will greatly simplify the billing procedure. For example, if a customer from Stirling makes a call to Belleville, his number, when he gives it following the beep beep signal, is fed into a machine which punches a tape. The tape is taken from the recording machine daily and sent to the Bell office in Montreal. Here a computer calculates the cost of the call and

this bill is sent out to the customer.

Mr. Thompson said that approximately 30 people, some of whom will be students, will be hired on a part time basis in connection with the new facilities.

"These people will be used for an educational program to acquaint the public with the method in which to use direct distance dialing," he said.

The new service will not cost the caller anything extra, other than the actual cost of the call. However, he will have to pay more if he uses the services of the operator to place his long distance call.

"The system," said Mr. Thompson, "is designed to show the customer that he can do his own number and get through faster."

The new facilities, for direct dialing, were started in January of this year. When they are completed, Northern Electric, Bell Canada's wholly owned subsidiary, will have used 200,000 feet of cable and 158,000 feet of wire cross connecting 400,000 terminals.

## Village seeks bylaw officer

After an involved discussion, council decided Monday night to advertise the position of Bylaw Officer. Council agreed that the citizens of the village deserved the added protection of a bylaw officer, but Reeve Robert Anderson stated that a Bylaw Officer is not a policeman.

It was moved by Councillor Maurice Montgomery and seconded by Councillor Doug Bensley that the position be advertised in both the Stirling News-Argus and the Belleville Intelligence.

At 8:00 P.M. on Wednesday April 14, council will be meeting with a staff sergeant from the Belleville detachment of the Ontario Provincial Police to discuss the policing of the village of Stirling.

CROSS BAR CONNECTION

If all goes according to schedule, Stirling residents will have direct distance dialing by mid September. Several thousand wires and terminals will have to be connected before the service becomes available to Bell customers. Above Robert Belanger, an employee of

Northern Electric, joins wires on a cross bar machine which, when completed, will interconnect long distance calls. The new \$2 million installation is being constructed at the main headquarters of Bell Canada in Belleville.

## Stores open Thursday until 9 p.m.

Graham Mouck, president of the Stirling Chamber of Commerce, said yesterday local stores will remain open until 9 p.m. Thursday, in view of the Good Friday holiday this week.

Stores will re-open Saturday morning as usual, he said.

## Co-op manager retires

Ralph McMillan, manager of the Stirling District Co-Operative Association for the past two years and a 23-year veteran with United Co-Operatives of Ontario, has decided to retire.

The new manager at Foxboro is Alvin Donaldson, a native of the community and a former employee of Foxboro Co-Op. Mr. Donaldson has been manager of the Kemptville Co-Op.

Mr. McMillan will be retiring to Prescott, Ontario.

## Missing man discovered

CAMPBELLFORD - The body of Clifford Vance Wannamaker, 60, of Spring Brook, missing and believed drowned since the evening of December 13, 1970, was recovered from the racks in the forebay of Ontario Hydro Generating Station No. 10 at the south end of town about 8 a.m. Friday, March 26.

The late Mr. Wannamaker had been visiting at the home of his brother, Arthur Wannamaker, on Front Street North and disappeared after saying he was going out to purchase tobacco.

He was reported missing the following morning.

Investigation by police revealed footprints in the snow leading from the street to the water's edge of the Trent River near the Wannamaker home. The missing man's cap and jacket were found on a nearby picnic table.

Dragging operations were carried out and a team of Ontario Provincial Police scuba divers searched the river bottom in the area where the missing man was believed to have disappeared.

## Village Of Stirling

Applications will be received by the undersigned until 12 o'clock noon, April 19, 1971, for a bylaw enforcement officer for the village. Full-time, uniform supplied, sick and accident benefits paid, salary to be negotiated.

## Stirling's school taxes down in 1971

Stirling's educational mill rate will drop from 8.0 in 1970 to 6.932 this year.

The village is among 23 Hastings County municipalities which will have cuts in their educational mill rates for 1971.

Six county municipalities, including Belleville and Trenton, will pay higher education taxes this year.

County trustees last week adopted a 1971 budget of \$20,325,931, up \$1,275,098 from last year's actual expenditure of \$18,077,833.

The budget is at the ceiling set by the department of education for educational spending in Hastings county. There will be no change in the pupil-teacher ratio and no drastic cuts in programs this year in county schools.

Belleville's educational mill rate will go up three-quarters of a mill, from 17.9 in 1970 to 18.65 in 1971. This represents about \$7.50 on a \$10,000 assessment.

Trenton, which must pay interest on deficits in 1968 and also underlevies for 1969 and 1970, faces a mill rate hike of 7.06 this year. This amounts to about \$21 on a \$3,000 assessment. But negotiations are now under way to spread the repayment of the underlevies over two or more years, and the mill rate will be adjusted later.

The same situation faces Marmora and Lake townships. The repayment of their underlevy is also being negotiated. If they had to pay it back this year, their mill rate hike would be 30.4.

The rate will go up by 9.75 mills in Carleton Place, by 4.6 in Thurlow and by 1.71 in Monteagle.

Tudor and Cashel get the biggest cut in mill rates, down 39.64 this year. Rawdon's rate will go down by 18.44 mills and Madoc township will be cut by 15.9 mills.

Smallest mill rate cut will be for Madoc village, whose rate will be a half mill lower this year.

## TURKEY

### HOW TO ROAST YOUR EASTER TURKEY

**OPEN PAN** — Place turkey breast-side up on a rack in an open pan. Spoon melted fat all over turkey. Cover turkey lightly with aluminum foil. When almost complete remove foil and allow few minutes for browning if desired.

**COVERED PAN** — Place turkey breast-side up on a rack in pan. Add no water. Cover pan. If bird is not sufficiently brown at end of roasting time, remove cover and continue roasting for 15 minutes or until brown.

**NOTE:** Use dark enameled roaster. Increase cooking time for shiny pan.

### APPROXIMATE ROASTING TIME

5 to 10 lbs. in uncovered pan 3 1/2 to 4 1/2 hrs. at 325 degrees F.  
5 to 10 lbs. in covered pan 2 to 3 hrs.

### TEST FOR DONENESS

1. With thumb and forefinger, pinch thickest portion of drumstick. Meat should feel soft. If drumstick swivels freely when twisted your turkey is done to perfection.

2. Insert meat thermometer in thigh muscle next to body cavity. Temperature should be 185 — 190 degrees F.

# EASTER

Jesus stood before the Governor, who questioned him, "Are you the king of the Jews?" he asked. "So you say," answered Jesus. He said nothing, however, to the accusations of the chief priests and elders. So Pilate said to him, "Don't you hear all these things they accuse you of?" But Jesus refused to answer a single word, so that the Governor was greatly surprised.

Then Pilate's Soldiers took Jesus into the Governor's palace, and the whole company gathered around him. They stripped off his clothes and put a scarlet robe on him. Then they made a crown out of thorny branches and put it on his head, and put a stick in his right hand; then they knelt before him and made fun of him, "Long live the King of the Jews!" they said. They spat on him, and took the stick and hit him over the head. When they finished making fun of him, they took the robe off and put his own clothes back on him, and then led him out to nail him to the cross.

## Bateman-Campbell

Rev. W. C. Cox officiated at the wedding ceremony in Mount Pleasant United Church, when Brenda Elizabeth Campbell, daughter of Mr. and Mrs. Douglas Campbell, Stirling, RR 3 was united in marriage to Garry William Bateman, son of Mr. and Mrs. Donald Bateman, Marmora, RR 4. Mrs. Craig Watson played appropriate wedding music and accompanied the soloist Mrs. Tom Sables.

Given in marriage by her father, the bride wore a floor-length bridal gown of crystal peau de soie enhanced with guipure lace which was carried out on the high Victorian neckline, the empire waist, all round the hemline and along the edge of the sweeping chapel train. The full bishop sleeves were caught at the wrists with a row of self buttons and matching lace. A shoulder-length veil was caught to a peau de soie bow and adorned with seed pearls. She carried a cascade bouquet of pink sweetheart roses.

Miss Anne Watson of Stirling as maid of honor wore a gown of lilac faille taffeta featuring a stand up collar and full bishop sleeves. Matching lace encircled the waist to a self bow at back with an identical bow at her head-dress. She carried a nosegay of pink carnations.

Miss Brenda Pane, Peterborough, cousin of the bridegroom, Miss Marg Bateman.

## Chess club championship at Belleville

Belleville will host the Ontario Open Chess Championship, S. Parry, president of the Quinte Chess Club announced today. The Ontario Open Championship is the largest annual tournament held in the province and this year is expected to draw well over 200 competitors from throughout North America. This six round event will be played on May 22, 23 and 24 at Belleville's new Ben Blecker auditorium.

Walter Dobrich, one of Canada's foremost players and a noted chess authority will direct the tournament.

First prize is a \$350 cash award with numerous other prizes offered for players of all strengths including beginners, ladies and juniors.

"This is a tournament open to all chess players regardless of playing experience or ability," he hopes," he said. "For the first time, to attract a larger representation or group from every Ontario community whether village or metropolis and especially to give new comers to compete for their community."

Stirling district players requiring entry forms or accommodations should contact their nearest recreation dept. or write directly to the tournament secretary, Mr. William Broderick, 19-B Pringle Drive, Belleville, Ontario.

Marmora RR 4, sister of the bridegroom, Miss Joanne Campbell, Stirling RR 3, sister of the bride were dressed identically to the maid of honor and carried identical bouquets. Miss Jennifer Joslin, Stirling RR 3, was the flower girl dressed identically to the other attendants and carried a nosegay of pink carnations.

Grant Bateman attended his brother, while the ushers were Don Campbell, brother of the bride and Herb Paine, Peterborough, cousin of the bridegroom. Junior usher was David Bateman, brother of the bridegroom and the ring bearer was Allan Anderson, cousin of the bridegroom who carried the rings on a white satin pillow.

A reception was held in the Taillor's Room of the Island Park where the bride's mother greeted the guests wearing a petal rose crimplene coat dress with black accessories and a corsage of white feathered carnations and yellow sweetheart roses. The bridegroom's mother assisted wearing a teal blue shantung princess line dress with matching accessories and a corsage of white feathered carnations and yellow sweetheart roses.

For the wedding trip to Pocomo Mountains in Pennsylvania, the bride chose a British navy pant suit with navy accessories and a corsage of white gardenias.

Mr. and Mrs. Bateman will reside at 16 Charlotte Street, Stirling.

The girl who took the cake at Senior Citizens last week was Helen Reid, Her daughter, Marilyn Hall, and a daughter-in-law, Jane Reid, presented it and we all whooped up the birthday song. Helen was pleasantly surprised and told us so.

A real old timer (Art Broadworth) was a visitor and we hope he comes often. Elwood Johnson, one of our popular members, is in Belleville General and we are happy to report is getting along nicely.

Past President George Hearman was noticed roaming around the club room with a plate of fruit bread in one hand and a

dish of cheese in the other. First thing you know, George, you'll be down there too, looking for a blow out patch.

Lunch counter chatter: Sure we serve crabs here... sit right down.

I see you have practically everything on this menu. Would you bring me a clean one?

This soup is spoiled—a little swallow told me so.

There's a button in my salad... I suppose it came off when the salad was dressing.

This coffee is like mud... I heard it was ground, this morning.

## Help Is Needed

An institution that has made a great contribution to the cultural life of this area is the Eastern Ontario Concert Orchestra. Founded at Batawa in 1960, with Stephen Choma as leader, the orchestra, composed of volunteer musicians from throughout the area, has in that interval given about 80 concerts in various places.

This year it is not giving concerts. That is a great loss to the area. There are complex reasons for this. But until now the orchestra has been self sufficient, depending on the annual concerts to raise necessary expenses money. Now difficulties have come. Many of the experienced musicians have moved away. This amateur group, good enough to be a member of the Ontario Symphonic Orchestras Association, now has mostly trainees, and must mark time for a while until it can get some

more experienced players to form a nucleus for new efforts. Nobody is paid. All are amateurs. But it costs money to get music and to travel. The premises where the orchestra practices at Batawa are kindly donated for the purpose by the Bata company. What the orchestra needs this year therefore for the first time is some outside support. As nearly as we can determine, it requires about \$1,500 per season, not much when you consider that there are about 45 members.

Mr. Choma is instructing the newer members and is casting about for others. The money would enable him to ensure that those who give their time to the orchestra do not lose money, and that could be a factor in getting players.

The time has come for those who want this organization to continue to serve the area to rally

to its support. Councils in each of the towns involved might assist with modest donations, but this year they are cramped for funds. If 1,500 people sent one dollar, the orchestra would be on its feet. The treasurer is W.D. Grant of R.R. 4 Stirling. Cheques or money orders made out to the Eastern Ontario Concert Orchestra and sent to him would greatly assist. This orchestra has given the entire area much pleasure, and we would not like to see it die for lack of support.

Fifteen hundred one dollar donations or 150 ten dollar donations.

## DOLLARS AND GOOD SENSE

(by William J. Martin)  
Mr. Martin serves as special consultant to Avco Financial Services. All questions should be sent to him at P. O. Box 5875, London, Ontario. Those containing a name and address will be answered in this column or by direct return mail. Names will be used in print.

Do you want to find some bargains? Well, you can probably locate many these days. Now that the January "White Sales" are long over, there are plenty of good buys around. Stock up now on a variety of winter merchandise and clothing.

This month is an excellent time to save on coats and overcoats, dresses, men's and boys' suits, and infants wear. Even ranges are generally priced lower now.

For real savings, however, check the end of season specials, especially on winter sports items. Skiing, which is becoming one of the biggest recreational sports in the U. S. and Canada with millions of new devotees hitting the slopes each season, offers many bargains now.

Skiing can be an expensive sport unless you take some care in shopping for equipment. Plan ahead - buy now for next season, but remember that even at a sale, safety is a bigger factor than just price alone in choosing the right product. Experts advise that your purchase should really give extra value. For beginners it is especially important to get the right boots and binders, not only for comfort but for safety.

Don't buy ski boots that are going to be too large next season, for boots must provide good ankle support and be properly fitted. Skiing, of course, is just one of the sports where good buys can be found this month. Now is the time to look around, plan your purchases for next season and save money.

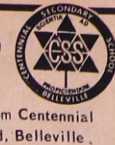

## Local and Personal

Mr. and Mrs. Ernie Wana-maker, accompanied by Mr. and Mrs. Percy Gordon of Marmora, attended the 50th anniversary of Mr. and Mrs. Loral Wana-maker, held at their home in Rossmore, Belleville, R.R. 1, last Sunday.

Mrs. Roy Wana-maker of R.R. 1, Marmora, underwent an operation in Belleville General Hospital. Ira Bristol of Simcoe attended the funeral of Edward Bateman in Springbrook and visited relatives and friends in Marmora.

## CENTENNIAL REPORT

A report by Thom Reynolds from Centennial Secondary School, Palmer Road, Belleville.

This column is Part Two of a series on the area's education which deals with the education and facilities provided at Centennial Secondary School.

Centennial Secondary School is one of the newest secondary schools operated by the Hastings County Board of Education next to the new complex under construction at Bayside. Designed by Barnett and Rider Architects of Toronto and opened in 1965-67, Centennial is designed to accommodate approximately 1250 students. Cost of the building and original equipment was almost \$4,000,000.

The compact nature of the building reduces travel distances to 100 feet between the most distant academic areas (less than one-half the distance in conventional schools). Locker traffic is confined to two locations to avoid general traffic throughout the academic portion of the building.

The building has complete environmental control with temperature and humidity being regulated so that the building can be used in comfort during the entire year. Since the opening, the Ontario Department of Education has sponsored an annual summer school for teachers in Centennial. The auditorium of the school is used on numerous occasions for festivals, theatrical productions and other entertainment functions.

The school's 50 teaching areas include 20 classrooms, 7 science labs, 8 technical shops, 6 commercial rooms, a lecture theatre to accommodate 107 students, and 4 seminar rooms, as well as art, music and home economics areas. The building also has a well-equipped auditorium to house about 800 students and a triple gymnasium.

Since two-thirds of the students arrive by bus and since few students go home for lunch, a large cafeteria (seating up to 600) is an important part of the school. A guidance centre and a health service room also and Stirling recently.

Mrs. D. Montgomery returned home from Toronto on Sunday after spending the previous week with her daughter, Mrs. William Dawson, and Mr. Dawson.

Mrs. R. W. Melkjohn, after spending the winter in Toronto, has returned home to Stirling.

are provided. The health room is serviced by the Hastings and Prince Edward Health Unit. The school library houses some 10,000 books and it is continually expanding. A large percent of them came from the former Stirling-Rawdon District High School.

Outside facilities include a track and playing field. Landscaping is proceeding with the Student Parliament and the agriculture classes playing an important role.

Principal of the school is W.J. Musgrove while D. Bell, who will be leaving for Bayside Secondary School, and M. Irwin are the vice-principals. The school has a teaching staff that numbers in the 50's. Local teachers who are teaching at Centennial this year are Mr. and Mrs. W. Camm, L. Jones, Mrs. I. McInroy and Mrs. S. Lambert. Mrs. V. Meades and Mrs. D. Mallory from the area are on the secretarial staff of Centennial.

Part Three: Problems the administrative staff of Centennial are faced with.

## Cancer can be beaten.

## APRIL IS CANCER SOCIETY MONTH

WHAT IS CANCER?

Cancer is not one disease but a group of diseases characterized by the disorganized and unregulated growth of abnormal body cells. In many cases there is a favorable response to modern methods of treatment if diagnosis is made before signs of spread are evident. All tumors are not cancer - some "benign" growths may begin in different organs of the body and reach a considerable size. They do not spread but, as with cancer, the earlier treated, the better.

# River Valley Women's Institute holds annual meeting

On Thursday, April 1, 27 members of River Valley Women's Institute gathered at the centre for a noon luncheon previous to their annual meeting. Mrs. Ernest Carr was hostess and the food was provided by the members of the Agricultural group and the Historical Research group.

The Institute grace was sung and all enjoyed the delicious meal in the kitchen, under the convener'ship of Mrs. Raymond McConnell, Mrs. Jack Bush, Mrs.

Glenn Bush and their committees. At the close of a vote of thanks was tendered to all who had assisted with this venture. The treasurer then received the membership fees for another year.

Mrs. Roy Tucker opened the meeting at 2 p.m. with the Institute Ode and the Mary Stewart Collect. Mrs. Gerald Brooks read the minutes and a letter from a member who is ill in hospital.

Mrs. J. L. Donohoe gave a full financial statement and thanks was expressed for her work as treasurer during the past year.

The president has attended 11 meetings and she spoke briefly. This concludes her term of office which has been most successful and she expressed her appreciation to her for a job well done.

Seven members attended 11 meetings. At the May meeting the members were asked to bring in a wrapped parcel for sale and the proceeds will go to the penny fund. The pennies to date amount to over \$20.00. The A.C.W.W. secretary will be in charge of this venture.

The resolution read at the March meeting was read and accepted. It will be forwarded to the District Annual. It was presented by Mrs. Glenn Bush and concerns snowmobile and hunters who are trespassing on private property and in some cases, causing damage to property owner's land or buildings.

The Winter issue of Home and Country magazine was distributed to the rest of the membership who were absent in March.

Mrs. Percy MacMullen gave several items pertaining to public relations which had been gleaned from other press reports, also a message from Mrs. George Wilson, St. Marys, Ontario, re the five day blizzard. It was decided to call for a wedding in May and a committee was appointed.

Mrs. Sheldon McIntosh and Mrs. Philip Conley were in charge of a sing song for the afternoon.

The minutes of the 1970 annual meeting were read and various reports were presented. The secretary said 12 meetings were held with an average attendance of 20 members. During the year there were 230 visitors, 49 children and seven club girls.

The Institute visited Unifund WI in June for Dairy Month, Wellman's WI anniversary in September and Sidney council meeting in August.

There was the Senior training course on desserts and two 4H projects, Working with Wool and the Cereal Shelf.

The four convenors: Mrs. Ernest Carr, Citizenship and Education; Mrs. Vernon Harry, Home Economics and Health; Mrs. Glenn Bush, Agriculture and Canadian Industries; Mrs. Jack Bush, Historical Research and Current Events; told what had been accomplished in their respective departments.

Mrs. Percy MacMullen gave three reports, For Friendship Links with Abbots Leigh W.I. in Bristol, England she had mailed 57 individual gifts at Christmas. Mrs. MacMullen, resolution convenor, concludes her six year term of office. She said she had prepared a paper on the subject for the February meeting.

Mrs. E. Small, off F.W.O., urges each Institute member to plant a tree this year in the province of Ontario.

As public relations officer, Mrs. MacMullen had reported 12 regular meetings, 15 card parties, the July picnic, awards night for swimming classes, several visits, the 60th anniversary party in October at Sun Luck Gardens, the pot luck supper on February 19th, 1971 and the 61st anniversary at the Centre and several catering projects.

Each issue of the Stirling News Argus has contained an item of Institute news in the paid corner with a verse at Christmas and Easter. Several items of public relations have been given at 11 meetings during the year.

The donations sheet showed a total of \$859.75 for four departments of work.

For projects, the 75th anniversary fund of MacDonald Institute A.C.W.W., pennies for friendship and other items.

Educational for officers conference, delegates to district annual, area convention, leaders for training school and 4H Clubs, paid corner in weekly paper, prizes for Stirling Fair and member of Stirling's Historical Society.

The community projects convened swimming lessons and 60th anniversary party at Belleville. In the health department, Christmas gifts and cards were sent to the sick and shut ins.

Contribution to the community covered eight dozen glasses, dishes and flatware and card tables for the centre also watermelon for the picnic.

Several of the members spent a total of \$83.00 for three items not taken out of Institute funds. Mrs. Roy Bushwin, curator, gave a very comprehensive account of the work accomplished with the Tweedsmuir History by her group.

Part of letter, from Mrs. R. C. Walker, provincial curator, was read and this gave a description of the new plans entitled, House Log. Also a new idea for a book entitled, A Community Historical Record, which can be compiled from newspaper clippings and pictures and must be first items from that particular community.

All information, re Century Farms, is to be forwarded to Mrs. Walker.

The president gave a short message and was given a vote of thanks.

Mrs. Ernest Carr was elected.

Members were reminded of the Hastings West District Annual at Foxboro United Church on Tuesday, May 11 with Pine Grove as host branch.

It was decided to have the weekly card parties as usual next winter. Plans were made for an executive meeting at the centre on Wednesday, April 7 to choose members for each group.

The 1971-72 officers are: president, Mrs. George Grills, (newly elected); past president, Mrs. Roy Tucker; 1st vice president, Mrs. Glenn Bush; 2nd vice president, Mrs. Glenn Bush; secretary, Mrs. Gerald Brooks; assistant secretary, Mrs. Ernest Carr; treasurer, Mrs. J. ## Rotary walkathon

A 10-mile Walkathon in aid of the Crippled Children's Fund will be held at Stirling on Sunday. The marathon walk will begin at the Senior School at 9:30 a.m.

The event is being sponsored by the Stirling Rotary Club, with leadership coming from the school.

The News-Argus has learned that Councillor Edward Klomp-maker has registered to walk, pushing a wheelchair ahead of him.

Walkers, young and old, are asked to register at the Senior School.

## Rawdon Council holds meeting

Rawdon Township Council met at the fire hall on April 5, with all members present. The minutes of the last regular and special meetings were read and approved on motion of Heath and Finch.

Approval was granted to a plan presented by Ronald and Bruce Woodbeck to build a garage on the farm property.

It was agreed that Rayburn Wood be given permission to build a house on his own property.

Correspondence received from Bell Canada, notifying council of a meeting to be held in Madoc on April 13 was read and a committee appointed to attend. A letter was received from the Hastings County Board of Education, advising that they greatly appreciated the co-operation of the township council and their road superintendents for keeping roads open for school buses during the past winter.

Council authorized the payment of \$15 to the Hastings and Prince Edward Mutual Aid Association and \$150 to the fire chief (convention fees).

It was agreed to pay Ontario Hydro \$9.75 for the township hall and \$47.50 for Spring Brook street lights.

In connection with Bylaw No. 69-27, re County Road No. 8, the Council is not in favor of taking over the bridge as a township project.

A letter received from L.T. Sheppard, appraiser, was read and placed on file.

The Bell Telephone Co. is to be paid \$44.84 for the Spring Brook fire phones.

It was agreed that Stirling Commercial Printing be paid \$97.21 for supplies.

The township council will meet for the summer months at the Harold Township Hall, commencing on May 3.

Correspondence received from

the Federation of Agriculture was read and placed on file.

It was decided that Wesley Finch and James Pollock be a committee to interview the fireman on the request received from the Spring Brook Women's Institute.

Bylaw No. 692 was passed respecting the prohibiting of trailers in the township of Rawdon.

A letter received from George Carlisle was read and placed on file.

Whenever they were ashore in Gibraltar, Malta, Istanbul, Athens, Varna in Bulgaria and Vienna in Austria, they found friendly people who spoke English and "liked us better when they learned we were Canadians, not Americans".

Europeans, they found, treated the 17 to 19 year old Canadians as adults, and gave them the respect usually reserved for older

people in this country. All of them want to go back again.

Students had varied opinions on which site was their favorite. Roger West of Stirling thought Istanbul, Turkey was most outstanding with its churches, the Blue Mosque, their shopping centre, the Grand Bazaar and the personalities and customs of the people. He also said that the lectures given on board ship dealing with sites to be seen gave them good information and allowed them to appreciate the port-of-calls more.

The cruise, with Air Canada flights from Toronto to London and from Vienna back to London cost each student slightly less than \$400.

The company that has been running the educational cruises for some years, chiefly for English students, lost money on the trip. This was the first time the ship had put into Varna, and will probably be the last. They arrived in a blinding blizzard,

so had the harbor pilot could not be put aboard their ship, reported Grant Dunham of Stirling. The ship was forced to anchor off the port most of the day.

When they finally docked toward evening, port officials of the Iron Curtain country demanded \$6,500 docking fee instead of the \$1,200 a day charged at other ports. Paying the fee put the cruise company financially in the red, the students were told.

Athens was found to be the most beautiful city on the trip by the students with its cleanliness and modern buildings. It was at Athens that students found out about the marriage of the Prime Minister after having a newspaper article translated by an English speaking Greek.

Istanbul was poor and dirty and notorious for its pick-pockets, hard-sell merchants, and vendors. Girls were warned not to take purses ashore with them because of the danger of purse-snatching.

In Gibraltar, monkeys were the menace. Students were advised not to wear eye glasses and watches ashore because the famous Barbary apes snatch them from their owners and try to eat them.

Malta was cold, colorless and shell-pocked from the Second World War, but its cathedral, St. John's, was the most beautiful church the students encountered on their tour.

And Venice, where the students had only about an hour to spend before flying to London, was remarkable for the way its canals have become open sewers.

The time-honored practice of throwing the ship's garbage over the side shocked the Canadians aboard. They complained and were told, "there's plenty of water out there".

Another old world custom the Canadians couldn't adjust to was the prejudice shown by the English crew toward the Pakistanis who did the menial labor on ship-board.

## Census takers coming to Stirling

Officials of the Hastings and Prince Edward Regional Assessment Office in Trenton report that the annual census will begin in Stirling and area on Thursday.

Twenty-one enumerators have been attending a two-day school yesterday and today in Ivanhoe, under the direction of J. Allan Smith.

The field work is expected to take from two to three weeks. Something new this year—the enumerators will not be counting dogs, only people.

Joseph was the son of the late Joe McIntosh, formerly of Stirling, and Mrs. McIntosh.

He is survived by his mother, a brother, David, and a sister, Lois. The deceased was a nephew of Mr. and Mrs. Sheldon McIntosh of Stirling.

His father predeceased him 12 years ago. The funeral was held April 6 from the Ogden Funeral Home, Sheppard Ave., Toronto.

Several from Stirling attended the funeral, including Mr. and Mrs. Sheldon McIntosh, Mr. and Mrs. Don McIntosh, Mrs. Dave Little, Mr. and Mrs. Fred Heasman and Peter Heasman.

## Pop bottle drive Saturday

The Stirling Girls hockey team, undefeated during the past winter season, hopes to keep this record intact in a weekend tournament coming up in Toronto April 24-25.

For the past several days, the team has been making a special effort to raise the necessary funds to meet tournament expenses. Team manager, Bernard Farrell, reports that of the \$250 needed, approximately \$200 has been raised.

Last weekend, the girls realized \$34.00 from a bake sale. This Saturday, the team members will be conducting a pop bottle collection, with proceeds going toward tournament expenses.

## Centennial students enjoy Mediterranean cruise

(by Thom Reynolds)

Pollution, prejudice, friendliness and respect all were part of mixed reactions brought home from a Mediterranean cruise by 73 Centennial Secondary School students.

The students, accompanied by five teachers, spent three weeks in late February and March on the S.S. Nevasa, a ship transformed into a floating school.

Whenever they were ashore in Gibraltar, Malta, Istanbul, Athens, Varna in Bulgaria and Vienna in Austria, they found friendly people who spoke English and "liked us better when they learned we were Canadians, not Americans".

Europeans, they found, treated the 17 to 19 year old Canadians as adults, and gave them the respect usually reserved for older

people in this country. All of them want to go back again.

Students had varied opinions on which site was their favorite. ## Local and Personal

Mr. and Mrs. James Drummond, Carol and James Jr., of Downsview visited Mr. and Mrs. S. R. Boyce over the Easter weekend.

Mrs. Roy Taylor, Mrs. Hilda Ray, Mrs. Helen Thompson (W.

Huntington) were joint hostesses at a pretty Reception held Saturday afternoon, April 10th, at the Presbyterian Manse, in honor of Mr. and Mrs. Lewin Harris, of Toronto, a recent March Bride and Groom.

The Reception was well attended by many well-wishers, and the young couple were recipients of many lovely gifts.

Mr. and Mrs. Harris are the daughter and Son-in-Law of Mr. and Mrs. Roy Taylor of Stirling.

Mr. and Mrs. Lewin Harris, Reverend Sidney A. Colley, (Toronto) and Mrs. Marie Mansbridge of Brampton, Ont., were guests of Mr. and Mrs. Roy Taylor during the Easter weekend.

Dr. T. A. Patterson of Toronto spent the Easter weekend at the home of his parents, Mr. and Mrs. R. A. Patterson.

Miss Rose Durksen and Mrs. Stan Roblin of Toronto spent Monday with Mr. and Mrs. C. B. Rollins.

Mrs. C. B. Rollins spent the weekend with her niece, Mr. and Mrs. Ross Puddenham, in Ottawa. Mr. and Mrs. Carl Prucha and daughter, Elizabeth, of Toronto, spent the Easter weekend with Mr. and Mrs. Roy Eggleston.

Mr. and Mrs. R. J. Palmer and children of Berkeley Heights, N.J., are spending the Easter vacation with their parents, Mr. and Mrs. James Palmer and Mr. and Mrs. J. L. Good. Other visitors over the weekend at the home of Mr. and Mrs. Good were Mr. and Mrs. David Vice and family, Kanata, Ontario.

Mrs. John Ryan has returned home from Kingston General Hospital after undergoing surgery.

Mr. and Mrs. Jason Field and family, from Georgetown, and Mr. and Mrs. Ted Barnard and family were Easter Sunday supper guests of Mr. and Mrs. Everett Cooke.

(Continued from Page 1)

pointed out that this overseas excursion was experimental and that the students' performance and adaptation to ship life was well noted by all teachers. He also commented that what was taught in classes at school was brought into good perspective after the visits.

Mr. Jones said students reactions showed him that they felt it was a chance in a life time and that they learned more on the trip than what would be learned in school. He said that students seemed to appreciate Athens and the meeting of the Parthenon and the visit to Varna, Bulgaria was a great experience in seeing the customs of people and atmosphere of a Communist controlled country. Mr. Jones commented that if a future European cruise was arranged that one class would go and that longer time would be spent at each port-of-call. He said that the schools would ask for no assistance from the school board.

**Sandwich Art**

Sandwiches allow you to show your talent for invention—with new, different combinations. But remember, the four basic parts of a sandwich—bread; butter; filling and garnish—must be fresh for best results. Enjoy sandwiches as the main entrée of a family or party meal, as for snacks and quick pickup meals.

You can become a master of the sandwich-making art if you keep a few basic facts in mind.

First start with good bread. Today's breads are highly nutritious. Bread should never be taken out of your diet if you're watching your weight. It is essential to good health. Canada's Food Guide tells us that bread is a daily necessity.

Sandwich breads to choose are plain white, whole wheat, rye or pumpernickel—these are good with all kinds of fillings.

Fancy breads such as apricot, nut, chocolate, banana and cheese are generally used with sweet fillings containing peanut butter, cheese, fruit or nuts.

Hard and soft rolls, hamburger and hot dog buns are used with hearty protein fillings of egg, cheese, meat or fish.

Muffins and Tea Biscuits are used with sweet or savoury fillings.

When preparing sandwiches for hearty appetites, allow 3-4 slices or 1½-2 sandwiches per person, using ¾ to 1 teaspoon of butter or margarine per slice of bread.

Tea-time sandwiches are usually small and dainty. Allow 1-1½ slices of bread or 2-3 small sandwiches per person. If crusts have been removed, allow ½ to ¾ teaspoon of butter per slice.

Use flavored butter to enhance the taste of your filling. Spread the butter with a pliable knife or small spatula.

Fillings are made by blending one or more foods with suitable seasonings. Use your imagination. Fillings can vary from simple slices of meat to elaborate combinations of ingredients. Always taste your fillings as you go, making sure there is enough flavor. The texture and amount of filling make a sandwich dainty or hearty. Garnish your sandwich, either beside or right in the filling. Add crisp lettuce, cucumber, green pepper, carrots, pickles or nuts. Remember sandwiches are good hot or cold.

**YELLOW POND LILY**  
(Nuphar variegatum)

A perennial aquatic plant found throughout temperate North America in fresh or acid water. Grows in ponds, marsh areas, slow streams, etc., of moderate depth, (to six feet). Attractive oblong leaves (lily pads) float on surface, are large-six by nine inches. Flowers bright yellow, about two inches across. Rootstocks are eaten by moose, seeds by waterfowl, particularly by the ring-necked duck. Often so abundant as to cover the surface of creeks or small ponds, rails frequently run across on the lily pads.

Dear K.T.,

Doctors will tell you that each woman reacts differently to the menopause. For some, it may be a time of great upheaval; while others sail through it smoothly. Fortunately, hormone replacement therapy is available for those who need it; and hopefully your wife will continue with this hormone treatment. In the meantime, you know three things: She hasn't left you for another man. She hasn't instigated any divorce action herself. And she's still involved with you and your son. Why not make it clear to her that you're ready to take her back, should she wish to return. Then let things ride for a while. Pleading with her or brooding about the separation is not going to help. After a bit, she might discover that living alone isn't much fun. As for you, try getting out among people again and keeping yourself busy. Make some kind of life for yourself until the pieces fall into place.

SAGE ABOUT AGE

Dear Margaret Brookfield:  
My mother, who was born in the old country, was older than my father, but he never knew it. She told him she was eight years younger than she really was. There were no birth certificates or relatives to forgive her secrets away. Mother, who outlived father by some 15 years, confessed all this to us after he passed away. Now, I'm a mother in the same boat. I'm in love with a man who's younger, but who thinks we're about the same age. Should I go along with this deception?  
C.M., Dover, Ohio

Dear C.M.:  
Things have changed since mother was a girl. Now there are Social Security records, income tax records, and all kinds of computers, relatives and high school yearbooks. In other words, although a woman can still lie about her age, she has less chance of getting away with it. So let this knowledge and your conscience be your guide.

## Ivanhoe

The annual meeting of the Ivanhoe Women's Institute was held at the home of Mrs. Lindsay Sills, with a dessert luncheon at noon. A good number of visitors and members were present. After the luncheon, Mrs. Tuimann opened with the Ode and Mary Stewart Collect. She welcomed all the guests present.

The minutes of the last meeting were read and approved. Moved by Mrs. Wood, seconded by Mrs. Adams that all bills be paid. Moved by Mrs. Howard Cooke and seconded by Mrs. Tuimann that the Institute pay \$2.00 toward buying chairs for the hall.

All reports were read and approved. Mrs. John Wallace conducted the election of officers for the coming year, which are as follows:

Past president, Mrs. K. Tuimann; President, Mrs. Dan Cooke; first vice-president, Mrs. Charles Irvine; second vice-president, Mrs. Lindsay Sills; secretary-treasurer, Mrs. Miller; assistant, Mrs. G. Currie; public relations, Mrs. John Wallace; pianist, Mrs. Reg. Haggerty; press reporter, Mrs. Mac Sarsles; curator, Mrs. John Wallace; district director, Mrs. Russell Sills; alternate, Mrs. George Wood; board of directors, Miss Edna Tanner, Mrs. Ross and Mrs. H. Cooke.

Convenors of Standing Committees:

Historical Research - Mrs. R. Sills; Agriculture - Mrs. Ross; Canadian Industries - Mrs. Keller; Resolutions - Mrs. Charles Irvine; Citizenship and Education - Mrs. L. Wood; Home Economics - Mrs. L. Wood; Health - Mrs. Norma Mac Millan; Auditors - Mrs. E. Wood and Mrs. N. MacMillan; Sick Committee

White Lake, Mrs. E. Wood; West Huntingdon, Mrs. Mac Sarsles; Ivanhoe, Mrs. A. Wood, Girls Club Leaders - Mrs. Ted Pollock and Mrs. R. Sills. Mrs. Harry Benson thanked Mrs. Sills for opening her home and the president closed the meeting with the singing of O Canada.

## Presbyterian Women

The St. Andrew's Presbyterian Church Women held their meeting Thursday, April 8, at the Maize with 18 ladies attending. Mrs. D. Farley, acting president for April, welcomed everyone and gave for her introduction a sacred poem.

The hymn, "The Day of Resurrection" was sung, with Mrs. G. Matthews acting as musician. The roll call, word "Risen", brought out many verses of Scripture relating to Easter.

The minutes and correspond-

dence were read by the secretary, Mrs. K. Tompkins.

Mrs. W. Rodgers and Mrs. M. Faulkner were approved as members of the Board of Managers for 1971.

Arrangements for catering to a wedding were discussed, also the lunch in connection with the visit of Rev. Bateson on May 9, at the church, who will show films concerning the leprosy mission.

Mrs. W. Hutchison handles the used stamps, forwarding them to the proper source for assistance in this cause.

Mrs. Bert Cook reported on supply work, stressing money being needed the worse, also work pertaining to the second mile and used clothing for Evangel Hall in Toronto, would be greatly appreciated.

The offering gathered by Mrs. J. Johnston was dedicated by Mrs. Farley.

Mrs. L. Dafeo was leader for the Worship Service. The Scripture lesson: John 20:1, 2, 11-16, was read in unison. Mrs. J. Johnston gave the meditation. Mrs. Dafeo offered prayer. The hymn, "Christ the Lord is Risen Today" was sung.

Mrs. K. Tompkins rendered a

solo, "He Died for Me".

Mrs. B. Cook conducted the Bible study, the first of a series, entitled "Get the word around". This study was "What is the word?" This was broken into 4 parts: (i) The record of the history of God's mighty acts, culminating in the coming of Jesus Christ, (ii) Message received by the prophets for the people (iii) Word became flesh in the birth of Jesus Christ, (iv) The gospel where we read of the good news of Jesus. Mrs. Cook read Acts 2: 12-36 and there followed a discussion on the promises made to us in this passage.

Refreshments followed and Miss Gena Spry thanked the hostesses and assistants and all taking part at the meeting.

## CENTENNIAL REPORT

A report by Thom Reynolds from Centennial Secondary School, Palmer Road, Belleville.

Centennial girls' gymnastics team hosted the 1971 Bay of Quinte championships on Wednesday, April 14. Centennial's Christ Jones topped the novice sections, collecting 31.3 total points. A grade ten student, who has been competing for two years, she placed second in the balance beam and floor exercises.

BCI girls' gymnastics team won the team championship at Centennial on Wednesday.

The top four finishers in each division are eligible to compete in the COSSA championship to be held April 17 at Sir Thomas A. Stewart in Peterborough.

"The meet was a tremendous success", said Centennial

coach Connie Williams, whose charges looked after organizing the competition. "We had a large number of spectators and the judges (phys.-ed. students from Queen's University) remarked on how much the quality of the performances has improved".

Stirling students riding Franklin Smith bus 63 received a shock Tuesday night when two back wheel tires fell off the axle while driving along the Wallbridge Road through Tucker's Woods. The bus was driven by Ralph Dettlor who was able to keep the bus under control and bring it to a stop. Students were bused home onto other Franklin buses which were travelling on the road at the same time.

## St. Paul's UCW

A meeting was held at St. Paul's United Church on Tuesday evening at which time the United Church women were hostesses to the Anglican Church Women. Eighteen members attended from St. John's Church and 52 from St. Paul's Church.

Mrs. Allan Wells presided and extended a welcome to all. A hymn song was held with Mrs. Arthur Pyear at the piano.

The devotional, based on Go-tell, was taken by the Faith Unit which included Mrs. H. Hamilton, Mrs. C. Clancy and Mrs. R. Chambers.

Mrs. William McMullen read the letters of inquiry and the minutes which required a brief business meeting.

Mrs. Bruce Small showed a film, entitled, Life in a Day, by Leo Bowman. Mr. Bowman though bearing a disability was blessed with other abilities. He devoted his life to the service of others.

### Bonarlaw

On Thursday evening, April 8, Rawdon AOTS Men's Club sponsored a supper meeting in Mount Pleasant Church hall. The members brought a son or a daughter as their guest.

Rev. W. C. Cox conducted a service in Mount Pleasant United Church on the evening of Good Friday.

On Easter Sunday, April 11th, at the early morning service, a Easter Lily was donated by the Stirling Horticultural Society.

Jack Oliver left Saturday, April 10 from Malton airport for Uganda, East Africa, representing the Delaval Company he will participate in an agricultural project arranged between the Government of Canada and the Government of Uganda.

In 1970, demand for electricity set an all-time record of 11.3 million kilowatts. This was more than double power demands in 1959.

More than 70,000 miles of transmission line are used to deliver electricity across Ontario Hydro's province-wide power grid. That's enough to circle the globe almost three times.

# Walkathon attracts 161 participants

(by THOM REYNOLDS)

One hundred and sixty-one walkers, mostly students of Stirling Public Schools, participated in Saturday's 10-mile walkathon sponsored by the Stirling Rotary Club.

The walkathon was in aid of the Easter Seal campaign for Crippled Children.

Although results have not been tallied, it is estimated that the march may produce as much as \$1,000.

Only three who started the trek failed to complete it.

Three youths, Tom Bryant and John Mark Bissell, completed the course in less than one hour, to be the first to cover the distance.

Oldest participant in the walkathon was village foreman Frank Broekema who pushed a heavy wheelbarrow over the entire route. He came in 76th.

Councillor Edward Klompaker, a Rotarian himself, and chairman of the Easter Seals campaign, pushed a wheelchair for the 10 miles, with Brian Monteith aboard. Brian and Mr. Klompaker finished the route in 74th place.

Although the large majority of the walkers were public school children, four secondary school pupils also participated. And the public school teaching staff was represented by Mrs. S. Carew, Mrs. A. Almey (accompanied by her husband, Christopher), Mrs. S. Green (and her husband, Dennis) and Stephen Patrick.

Rev. J. Bruce Small, minister of St. Paul's United Church, also went the distance.

The first 20 finishers in the event were:

1. Tom Bryant
2. John Bissell
3. Mark Bissell
4. Paul Sharp
5. Peter Craft
6. John MacDonald

## Variety of items on council agenda

At Monday night's meeting of Stirling village council, Clerk W.L. Pollock was asked to obtain further information concerning the availability of provincial funds to boost employment locally.

Members of council were told that the County of Hastings has decided to distribute an amount of \$32,285 to the various member municipalities, on a per capita basis.

Reeve Robert Anderson said he felt that Stirling ought to take advantage of this program in a spring clean-up campaign.

He said there is considerable work which could be done, particularly in the parks.

"If we can get \$1,000 out of this, we might just as well," commented Reeve Anderson.

"Otherwise, the money will go to some other municipality."

It was pointed out that these funds can be applied only to labor costs.

**Six apply for position**

Village council received six applications for the position of bylaw enforcement officer. The applications were presented to the council on Monday night.

After reading them, council decided to discard two out of town applicants immediately and to hold a third application on file.

The other three applicants, all Stirling residents, will be interviewed by the council as a whole next Monday night.

Stirling has been without the services of a bylaw officer since mid-March when George Rhys-burger left to join the OPP.

## Dist. Dep. President visits Laurel Lodge

On Tuesday, April 15, Sis. Olive Whitehead, D.D.P. of Belleville District No. 4, paid her official visit to Laurel Lodge.

Lodge No. 211, Stirling, with a good number of sisters in attendance. She was formally introduced by J.P.N.G. Sis. Ellen Woodcock and welcomed by N.G. Sis. Kathleen McMullen, A Guard of Honor was formed by Sisters Isabel Good, Hilda Rose, Beattie Patterson, Ada Keating, Verna Woodcock and Lillian Johnston and the guest of honor was presented with a bouquet of red carnations.

A report of the District meeting held the previous night was given by Sis. Pat Merrill, semi-annual reports were presented by the officers and plans were made concerning the conferring of the Degree in Brighton on April 20.

In her remarks the District Deputy President congratulated the officers on their work, thanked all for the tremendous support given during her term of office, and voiced her pride at being a Rebekah, with the high ideals enshrined in members of the Order.

Sis. Verna Woodcock and Sis. Hilda Rose presented Sis. Olive with a gift on behalf of the Lodge.

Following the meeting Sis. Olive was pleasantly surprised when the members of her Installation Team presented a colorful and impressive tableau, depicting the 23rd Psalm, and carrying lighted candles to match their dresses. Sis. Ann McNoy, soloist for the installing team sang "The Lord's Prayer" with Sis. Mildred Morrow as pianist.

The members adjourned to the banquet hall where lunch was served under the chaperonship of Sis. Edna Fox, Sis. Ollie Thompson and Sis. Doreen Ackers. Several humorous anecdotes were told about our District Deputy President and six of our more musically talented sisters sang a song to and about our guest of honor, that had been composed by Sis. Ruby Tompkins, who was ill and unable to be present.

Sis. Beattie Patterson, program convener and all who assisted were thanked by Sis. Whitehead.

Appreciation to the lunch committee was voiced by Sis. Pat Merrill.

Hastings and Prince Edward regional assessment office in Trenton notified council that the following assessments had been placed on the post office property in Stirling: Land, \$1,500; Building, \$28,375.

**APPLICATIONS**

The council passed a resolution stating that the village has no objection to any of the five applications which are to be heard by the committee of adjustment.

The applications deal with land severances and minor variances with the zoning bylaw.

Mr. Pollock said the committee of adjustment wanted the feeling of council on the applications before ruling on them.

**APPRECIATION**  
A letter of appreciation was received from Stephen Patrick, secretary of the Stirling Volunteer Fire Department, expressing thanks for the use of the community hall for the department's annual Musical Dystrophy Show.

Mr. Patrick said the show this year proved to be the biggest success in its history.

Council granted a request of the department to reserve the hall for similar use on a Saturday night near the end of March, 1972.

**COMMENDATION**  
Reeve Robert Anderson, on reading the financial report of Stirling Arena, had words of praise for the caretaker-manager, Allan McDonnell.

The reeve said that the village was fortunate to have a man of Mr. McDonnell's calibre to supervise the rink operation.

He said Mr. McDonnell was always willing to remain on the job, even late at night, to accommodate some group wishing to rent ice time.

Tribute also was paid to Wier DeJong and others unnamed who assisted greatly with the rink operation.

Various games were played and a nice lunch provided by Jack and Tilly Senior was enjoyed. Next week will be progressive euchre week so please be on time.

**Birds taking USA tour**  
Mr. and Mrs. Harold C. Bird of Stirling, left Saturday on a 23 day bus tour which will take them through 12 states of the United States.

Mr. and Mrs. Bird boarded a bus in Belleville and will visit points in Michigan, Iowa, Nebraska, Wyoming, Utah, Nevada, California, Arizona, New Mexico, Oklahoma, Missouri and Ohio. Most of the tour will be in California.

Mr. Bird is the owner of Bird's IGA.

running of the canteen, DOG POUND

Reeve Anderson said he inspected the dog pound of Don Tucker on Monday and found it to be better painted than the council chamber.

He said he went to the pound after a complaint was received that a dog picked up by Mr. Tucker came down with distemper shortly after being released from the pound.

Reeve Anderson said he found about 20 dogs on the premises at the time of his visit, and all appeared to be in good health. The building was clean and well kept, he said.

"I couldn't see anything wrong with it," he said.

**IT'S ON THE BOOKS**  
Whether or not it is commonly known, Stirling has a bylaw prohibiting the keeping of animals, other than dogs or cats, within the village proper.

The question arose when Clerk Pollock noted that a horse was stabled through the past winter within site of the municipal office.

He then began to delve into the village bylaws and within a few minutes produced the aforementioned legislation, which was read aloud for council's benefit by Councillor Maurice Montgomery.

The same bylaw also prohibits the use of sidewalks by horses. Such animals are also banned from local parks.

**Chamber meets Thursday**  
New officers for the Stirling Chamber of Commerce will be elected at a general meeting of the membership at Hum's Restaurant Thursday evening.

The dinner meeting is scheduled to get under way at 6:30 p.m. Officers to succeed Graham Mouck, president, and Eugene Burrell, secretary-treasurer, will be named. Both men have resigned.

**Girls ready for tournament**  
Bernard Farrell, manager of the Stirling Girls' hockey team, reports that the team now has ample funds to meet expenses which will be incurred in participation in a weekend tournament in Toronto.

A pop bottle drive held last Saturday produced about \$75, considerably more than was hoped for.

The Stirling team was undefeated in games played throughout the winter.

## Stirling Curling Club closes season with banquet

About 170 attended the banquet and dance at Club Canara, Belleville on April 10, finalizing the season for the Stirling Curling Club. Following a turkey dinner, Ted Reid, as master of ceremonies, conducted the proceedings for the evening.

Special thanks to the ladies was expressed by Ernie Reid followed by the Secretary-Treasurer's report. This year new curling stones were purchased and a display cabinet for the trophies was placed in the arena leaving a creditable balance on hand.

Harold Tompson, the president, spoke briefly, thanking everyone for their assistance this past season and hoping all present would be curlers next year.

A special presentation was made by Douglas Reid, on behalf of the club, to the Secretary-Treasurer, Pearl Tokley, for her services for the past five years.

Allan Munro was in charge of the trophies which were won by the following:

Mixed League Bonspiel; first event, Bank of Montreal Trophy, Allan and Ruth Munro and Gerry and Dorothy McGee; second event, Wells Motors trophy, Doug and Elva Reid and Howard and

Florence Parsons; third event, Maurice Montgomery trophy, Ralph and Jean Gay and Don and Helen Delina.

Men's League Bonspiel, first event, Elaine Footwear trophy, B. Murray, Bill Angove, Gary Reid and Ted Reid; second event, Ken Sine trophy, Weiger deJong,

Mrs. Noble, Jack Doran and Bill Murdoch, third event, Harold Thompson trophy, John Langin, Earl Johnson, Carlyle Rollins and Bruce Bell.

Mixed League, Robert Cooke trophy, John and Phyllis Sheridan, Art Hassall and Edith Ray; Runners-up, Doug and Elva Reid and Wayne and Judy Whiteman.

Men's League, Stirling Legion trophy, Harold Thompson, Bob Arbuckle, Grant Thompson and Gary Thompson; Runners-up, Claude Trumble, Bob Philp, Harrison Harder and Victor Jactett.

**Will mark 96th birthday**  
Mrs. Sheldon R. (Jennie) Osterhout will celebrate her 96th birthday on Thursday, April 29. She is at present with her daughter, Evelyn, and her husband, E. P. McLaughlin, at 177 Vassar Drive, Lake Worth, Florida 33460, where they have given hospitality to Mrs. Osterhout's children, grand-children, a few great-grandchildren and great great-grandchildren.

Mrs. Osterhout's husband, Sheldon, and her two eldest daughters, Nellie (Mrs. Arthur Sine) and Gladys (Mrs. Claude MacInnes) have pre-deceased her. Her other four children, two daughters and two sons, have all been down to Florida during the last two months.

She has remarkably good health, though has given up some of her activities - rug and quilt making. She looks forward each day for the mail-carrier for her "home" paper for the news and for the letters and cards from relatives and friends.

She still keeps up a large correspondence list even to the third and fourth generation, seldom forgetting a birthday or special occasion.

Some 70 members of her family and a few special friends prize one of her very beautiful reporter quilts - her "specialty". These later years, she enjoys her radio, T.V., and the beautiful Florida sunshine and flowers.

**Spring planting has begun**  
Although an excess of winter snow kept the spring runoff late this year, some area farmers have begun to plant crops on higher ground.

Don Todd, who owns a farm six miles northwest of Stirling, reported that he sowed an eight acre field of barley on Monday.

Mr. Todd said that this is about the normal time for planting to begin.

**Huntingdon township council**  
Huntingdon Township Council met at the township hall on April 5 at 8 p.m.

The minutes of the last regular meeting were read and adopted.

Requests from the Bank of Montreal, Stirling, regarding signing of transfers by the tax collector and treasurer were approved.

Any work done on private property with township equipment will be charged the rates recommended by the Department of Highways.

Road Voucher No. 3 for \$3,637 was ordered paid.

The increase requested by the Madoc Fire Department was approved.

## Streets cleaned

Stirling's downtown streets received a much-needed cleaning this week.

Men armed with stiff brooms swept up the winter's accumulation of sand and debris, giving the village a house-cleaned appearance.

And the Christmas lights across Front St., at North St., finally came down on Monday.

## Hurry down to your Chevy dealer for the \$30,000 Moneymiles Sweepstakes! (And a chance to drive the big new Impala.)

Make a move that could make you a winner two ways.

For a start, drive the '71 Impala and see how the changes we made give you more of what you want in a car.

Always a smooth ride, Impala is even better this year. Thanks to its longer 121.5" wheelbase, improved suspension, wider stance and wider wheels.

And a car that moves as well as the Impala also needs to be able to stop very surely. So power front disc brakes are standard equipment.

Some of the equipment illustrated is optional at extra cost.

There's also a dual master cylinder, warning light and corrosion-resistant brake lines.

We made 15 meaningful improvements to the '71 Impala. Most of them, just for you.

But one of them is for everyone's benefit. A new control system helps cut down fuel evaporation into the atmosphere. And to further fight air pollution, all 1971 Chevrolet engines have been designed

to operate efficiently, and with lower exhaust emissions, on low-lead, no-lead or regular fuels.

Inside and outside, Impala has the look of leadership. Gives you a very good feeling when you're behind the wheel.

What about the \$30,000 Sweepstakes? Look for this Moneymiles Sweepstakes sign at participating Chevy dealers. You could win up to \$30,000. The dealer has all the details. Hurry on down!

You're always a winner with Impala.

**Presbyterial UCW take bus trip**

"A very successful project," was the conclusion reached by the bus load of United Church Women of Belleville Presbyterian when they returned from their recent trip to Five Oaks Christian Workers Centre.

The weekend provided inspiration, study, fun and that basic ingredient, fellowship. This did not just happen but was due to the

planning and work of the executive, the excellent resource people they had to lend them and the support given by the ladies when 43 filled the bus.

Beginning on Friday night the group divided into pairs, continuing through Saturday they enlarged until they worked in groups of eight people each, until the end of the session at noon on

Sunday. In the absence of the presbyterial president, the president elect, Miss Helen Saksmit was in charge.

The following leaders were present: Rev. Mrs. Errey, associate secretary of the Board of Women; Mrs. Grace McFadden, chairman of the Board of Women; Miss Nora Neilson, editor of materials for children and youth in the United Church department of education and Rev. George Ambury, district secretary of Christian education. Also Rev. and Mrs. George Young of Five Oaks gave valuable assistance.

The basis for Bible study was 1 Corinthians, 13 and the cassette "Face to Face" was used.

mixed bowling**

This week the Korner Pins, captain Ralph Sca, took 7 points from the Mix Ups and that tied them with the Scatter Pins, captain Doug Sca. They each have 102 points, with three weeks to go, so watch out, things are really hopping. The Mix Ups are still in third place with 92 points and the Slow Pokes have quit poking, they are still in last place with 82 points, but have surely come a long way in the last few weeks.

Verna Woodbeck still holds high average for the ladies of 200 and Ralph Sca and Ralph Park are tied for the men with a 217 average.

Last week Ray Poste had a 984 triple score with games of 313, 345 and 326, and this week he rolled another high triple of 904, having games of 305, 265 and 334.

Lenora West rolled a good triple of 782 last week, having the high single of 323. This week Ivy Poste had high triple of 660 and single of 283.

We've had some real good games bowled in the last two weeks. Harold Morgan had a triple of 637, Bud Riseley 640, Verna Woodbeck 634, Robert Sararas 600, Ralph Sca 666.

This week, Ralph Sca rolled three good games of 270, 251 and 294, a triple of 815, John Reichert 225, 208 and 212, Hilda Rose 206 and 226, Harold Morgan 201, and 218, Bud Riseley 226 and 241, Peter Lippert, 221 and 207, Doug Sca 253 and 228, Ralph Parks, 260, 204 and 216, Carol Clements 270, and Carl Pitman 228, 220 and 232.

## CENTENNIAL REPORT

A report by Thom Reynolds from Centennial  
Secondary School, Palmer Road, Belleville

Centennial was one of seven Easter weekend break-ins investigated by Belleville City Police. The sweet-toothed culprit made a bee-line to the cafeteria refrigerator. Several ice cream bars were removed, subsequently smeared on the face of several windows. A broken west side door was discovered shortly after 4 p.m. on Saturday, April 10.

On Tuesday, April 13, a special book display was held at the Centennial Library by Clarke Irwin Publishers of Toronto. Teachers and students of Centennial and Librarians of Hastings County were able to view the books on display throughout the day. Students of the school were able to submit cards to the Librarians requesting books they wished the school to purchase. The two librarians of the school commented on how good the response was from the students. These book displays provide the Librarians with an idea of where student interest lies in reading.

The Grade 9 history classes of Centennial held a special seminar with Gerald Boyce who is a vice-principal at Centennial and on a year's leave to write a book. Mr. Boyce is a former history teacher and member of the Hastings Historical Society.

Mr. Boyce talked to the students about local education history of Hastings and Prince Edward Counties. He dealt with changes in education, building architecture, education facilities and materials taught. Mr. Boyce also told the students what techniques and skills a historian would use to find the material needed. The students then interviewed people on their street from different years of education and made a report to class members. The program was set up by Mr. R. MacLean, a history teacher at Centennial.

Jane Douglas, a grade 13 student at Centennial was winner of the Grand Prize Award during the weekend at the 11th Bay of Quinte Science Fair and Hobby Show presented by the Rotary Club of Belleville. The show was held at the Belleville Armouries on Friday night and Saturday. Miss Douglas will be going on an all-expenses paid trip to compete in the Canada Wide Science Fair at the University of Alberta in Edmonton in May.

Miss Douglas won the prize award for her biological presentation of Plant Virus experiments with Tobacco Mosaic and Potato Virus. She had been developing her display since Christmas. In her exhibit she displayed various plant viruses on Bonney Best and Gardener's Delight tomato plants to demonstrate the effects of tobacco mosaic virus. "This will possibly improve development of plants and agriculture in general," said Miss Douglas of her experiments.

Other Centennial winner was Karen Lumley, a grade 9 student who placed second in the Physical Division for her presentation of UFO's.

The annual fair saw the biggest response by students and hobbyists this year with 100 Science Fair Exhibits and 37 Hobby Displays and Demonstrations. The annual Bay of Quinte Science Fair is organized by the Rotary Club of Belleville with the co-operation of the Science Teachers of the Bay of Quinte area. Many business and industries contribute towards the an-

nual Science Fair.

Track and Field first provincial meet in the Quinte area was held on Monday at the Trenton track. Proceeds from the Run-a-thon will be used to aid the Trenton Track Club of which Centennial school has members. Each of the athletes attempted to collect sponsors who donated a specified amount for each lap the runner is able to complete in one hour. The track at Trenton is a quarter mile track. Proceeds from the competition will be used for items such as transportation costs and entry fees for the Trenton Club, which is the only one in this district affiliated with the Central Ontario Track and Field Association.

Runners from Trenton, Brighton, Quinte, Moria, Centennial and Prince Edward Secondary schools took part in the competition. The runners competed for prizes donated by the Adidas Company, which included a track suit, spikes and an equipment bag. Seven students from Centennial took part on Monday. Mr. Peter Mewett of R.R. 4 Stirling is the track coach at Centennial.

**CANCER PREVENTION**

The fact that some cancers at least can be prevented is not generally known. One authority has stated that if everything we now know about the causes of cancer were put into universal practice, fully 80 per cent of all cancer would be prevented.

## THE TEACHER ANSWERS

QUESTION: Do you agree with Educational Ceilings?

ANSWER: Yes we agree with the general concept of Ceilings on Educational Spending

BUT !!!!

QUESTION: Are you opposed to the Ceiling as imposed by the Ontario Government?

ANSWER: Yes. This ceiling is inflexible and against the best interests of ALL students. Surely we all must understand that as society (and education) changes so will the INDIVIDUAL needs and teaching methods change. Arbitrary ceilings allow little flexibility in adjusting to the needs of ALL students.

QUESTION: Do you agree that economy in education is necessary?

ANSWER: Yes, remember we too are taxpayers. We feel that costs should be as low as possible and still do an effective job of educating the students of Ontario. As taxpayers members of society, we believe that PROPERTY TAX cannot support the burden of education across Ontario so that no one area shares a greater burden than another.

## HASTI-AGRI-GRAM

### FARM TAX REDUCTION PRO- GRAM

Income Tax Implications -  
Information has recently been  
received that the money received  
under the Farm Tax Reduction  
Program will be considered as  
capital. This means that it will  
not be necessary to include the  
amount received as income. In  
addition it is not necessary to  
subtract the money received un-  
der the Farm Tax Reduction Pro-  
gram from property taxes. For  
income tax purposes this means  
that your total property taxes may  
be claimed as an expense and the  
money received under this pro-  
gram can be treated as capital  
and therefore not added to in-  
come.

BASIC RULES OF THE NEW  
CAPITAL GRANTS PROGRAM  
Eligibility -

Existing farmers must have a  
gross annual income from his  
farm operation of \$3,000.00. A  
newly started operation will be  
assessed on the ability and the  
management of it to gross  
\$3,000.00 per year.

If the farm is leased, the owner  
may apply. Farmers who lease  
the land from A.R.D.A. are also  
eligible.

All grants paid under the new  
Program will be effective after  
April 1st, 1971. Work done pre-  
vious to this date will be applied  
for under the old program at the  
old rates.

Where two or more persons  
form a legal partnership or cor-  
poration and are each actively  
engaged in the operation of the  
farm, the partnership will be eli-  
gible for double the grant avail-  
able to a single individual, in  
other words \$6,000.00, less the  
amount of Grant received under  
the old program.

Assistance Available in the Cap-  
ital Grants Program  
Section 'A' -

Farm Drainage and Farm  
Structures - \$3,000.00 maximum,  
based on 40% of the amount spent.  
Section 'B' -

Field Enlargement and Farm  
Water Supply - \$1,500.00 maxi-  
mum, based on 40% of the amount  
spent.

Section 'C' -  
Farm Vacation Hosting -  
\$1,500.00 maximum, based on  
40% of the amount spent.

Removal of Diseased or Dead  
Elm Trees - \$500.00 maximum  
(\$5.00 per tree). This amount is  
in addition to the \$3,000.00 maxi-  
mum applied to Sections A, B, and  
C. Trees must be inspected pre-  
vious to cutting as well as after.

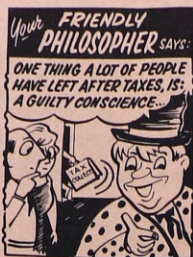

With special reference to Sec-  
tion 'A' of this program, the  
amount of assistance available is  
40% of the cost of improvement(s)  
up to a maximum of \$3,000.00  
per farmer, less any amounts  
received in Sections 'B', 'C',  
and under the old program.

The assistance may apply on  
one improvement or any com-  
bination of improvements.

One major change worth noting  
under Section 'A' is that fixed  
equipment purchased by the own-  
er such as piping, plumbing, sta-  
biling, pumping equipment, bulk  
milk tanks, silo unloaders, milk  
pipe lines, fans, augers, milk  
house equipment, cattle ties, wa-  
ter bowls, feeding equipment,  
permanent livestock scales and  
livestock squeezes are eligible if  
purchased after April 1st, 1971.  
The remaining details of Sec-

tion 'A' and 'B' are essentially  
the same as in the old program,  
with the exception that under  
Section 'D' pumping equipment,  
plumbing and piping are all eli-  
gible for Farm Well and Farm  
Pond purposes.

Please note - that this is only  
a basic outline of the program  
in its present form.

## St. James CWL Holds Meeting

"Sacrament the Witness" was the subject of a film shown by Rev. J. F. McCarvey at the April meeting of the Catholic Women's League held at the home of Mr. and Mrs. John Kerby. The film dealt with the Sacrament of Confirmation which the children of the Parish will be receiving next month. The meeting opened with the Celebration of Mass at which members, guests and the Kerby children participated.

After the roll call and minutes of the last meeting were read, the treasurer Mrs. J. Doran gave her monthly report. This was followed by the yearly report which showed the last year had a satisfactory year.

Mrs. Roy LaChapelle read a letter from the Diocese president concerning the CWL Convention to be held at the Sun Valley Motel in Belleville on May 29 and 30. The guest speaker for the banquet Saturday night

will be Mrs. Mary Sue McCarthy. Mrs. Gerald Kerby read a news letter from "Concern" asking for help in the missions of the world.

A lunch was served by the hostess Mrs. John Kerby, assisted by Mrs. J. Finnigan.

**Public school league bowling**

Saturday morning, April 17 was a short session of bowling as many of the bowlers were walking in the Rotary Walkathon. Most were faithful to their teams, though, and bowled their games during their bowling session.

The League leading Great Ones (92) took both games from the Partridge Family (70). The Alley Cats (59) took both games from the Champions (67) who were short two bowlers.

BANTAMS - Girls' high single: Kim Philip 138; high double Suzanne Jacket 267; high average Jo-Anne Valchar 139.

Paul Sear had boys' high single of 175 and Robby Clements had games of 160 and 154 for high double of 314. High average is Ricky Clements 156.

Other good games: Ricky Clements 171 and 125; Suzanne Jacket 136, 131; Sandra Edgar 131, 109; Brenda Trumble 127; Kim Philpe 121; Canda Blakeley 125; Sherry Farrell 125, 108; Terry Arbuckle 106; Paul Sear 109, JUNIORS - Pearl Hum had games of 286 and 227 for high single, high double 513 and high average 168.

Terry McGee bowled games of 175 and 174 for high single, high double 349 and high average 157. Y.B.C. Crests earned were Pearl Hum, her 500 double.

## CARDS OF THANKS

The family of the late Mrs. Thoma McKelvie wish to express their sincere thanks and appreciation for the many acts of kindness shown them in their recent bereavement. To Rev. G. L. Morgan, Rev. E. LeRoy, and Rev. J. Lamb for your helpful thoughts and prayers. For the many flowers, donations to Glendon, Cancer and Heart funds and sympathy cards, again thanks. To the dedicated doctors and nurses at Belleville General Hospital who helped in so many ways, and the kind neighbors who helped so well at the home. To all your caring helped so much. Again, our most heartfelt thanks, and may God Bless. 16-1

I would like to express my appreciation to friends, neighbors and relatives for personal calls, cards and flowers I received while in hospital. To all returning home. Also a special thank you to Drs. Mathieson and Briggs. 16-1

Mrs. C.A. Sutherland 16-1

I wish to express my sincere thanks, to friends, neighbours and relatives, who remembered me with books, flowers, candy and gifts, also for the many cards and visits which I received while I was a patient in Belleville General Hospital, and since my return home. Special thanks to Myrtle and Charlie Devolin and Jean Gay, who came to my assistance at the time of my accident, also to Drs. Mathieson and Briggs, and Williamson and nurses on 5th level. Sincerely, Kathleen (Mollie) McGee. 16-1

I would like to thank everyone who sent cards and gifts and made enquiries for me during my short stay in hospital. Thanks to Rev. Wilbur Dorn for call, Mount Pleasant U.C.W. and Order of Esau. Thanks for gifts. Special thanks to Raymond McConnell for doing farm chores, also Milton and Paul and Irvin for their help. William McAdam. 16-1

A sincere Thank You to all those who sent me cards and treats while I was a patient in Belleville General Hospital. To Rev. J. B. Small for his kind visit and to those who have phoned or called on me since my return home. A special appreciation to my neighbors for the lovely basket of fruit. Elwood Johnson 16-1

## Accidents claim 2 lives

Weekend traffic accidents claimed the lives of a Stirling infant and a Stirling area teenager.

Five months old Vera Elizabeth Flint, daughter of Mr. and Mrs. Donald Flint, 2 Emily St., died when her father's car came into collision with another vehicle in Seymour township, north of Campbellford, on Sunday afternoon.

The first fatality occurred at Trenton Friday when Dennis Little, 14, son of Mr. and Mrs. Leslie Little, R.R. 4 Stirling, was fatally injured as the vehicle in which he was a passenger left Highway 33 and rolled over into the ditch.

The boy suffered severe head

injuries and died while being transferred by ambulance from Trenton Memorial Hospital to Kingston.

Driver of the car, Melvin Dempsey, 21, of Port Hope, was uninjured but three other passengers were treated at Trenton hospital for injuries.

In Sunday's accident, the Flint car collided with another vehicle driven by James Murray McKelgan, 37, of Scarborough. Other occupants of the two cars, including the baby's mother, were injured and were taken to hospitals at Campbellford, Peterborough and Scarborough.

Rev. Edward Macdonald, pastor of Good Tidings Pentecostal Tabernacle, conducted the funeral service at the Weaver Funeral Home, Campbellford, on Tuesday at 1:30 p.m.

Interment took place in Mount Pleasant Cemetery.

Dennis Little was a Grade 8 pupil at Stirling Senior Public School and was a member of the Stirling Bantam Hockey All-Stars.

Surviving, besides his parents, are his sisters Mrs. John (Patricia) Cornell of Rossmore, Faith, Anna Marie, and brothers Peter, Richard and William.

The funeral service was held in the chapel of the Hogle Funeral Home, Stirling, on Monday afternoon.

Rev. J. Bruce Small, minister of St. Paul's United Church, conducted the service and interment took place in Stirling Cemetery.

Karen Meeks, 405 Front St. W., took advantage of the warm spring weather last Friday and went for a ride on her horse.

## King's Mill site object of cleanup

An active summer cleanup program is being planned by the Lower Trent Region Conservation Authority.

Eight of the 17 students to be hired locally in project SWEEP (Students Working in an Environmental Enhancement Program), recently announced by the provincial government will be working with the authority on three

of its properties, the Riverside Strip at Glen Miller; the King's Mill site, north of Stirling and the Proctor Estate in Brighton.

Bill Lawson, authority spokesman, calls the scheme a "Godsend...a lot of work needs to be done on our properties."

Each property will receive a general cleanup and the Glen Mil-

ler Park will be getting \$1,000 worth of picnic tables, garbage cans and washroom facilities... this money coming from the LRTCA budget.

However, cost of hiring the student workers will be paid by the province and not directly from local taxes.

The Ottawa construction company, Cooper-Ellis, which is building the new road bridge at Glen Miller, uses the park now for storing its equipment under an arrangement with the authority.

The LRTCA has agreed to let them use the land in exchange for "work in kind," Mr. Lawson

## Chamber wants council to provide more parking

The need for more parking in downtown Stirling occupied much of the discussions at last week's meeting of the Chamber of Commerce.

Uphold of the deliberations was that a Chamber delegation will ask to appear before village council at its next regular meeting on May 3, to ask that concrete steps be taken to alleviate the problem.

The first recommendation was that council take immediate steps to prepare the front of a private lot on North St. for all-day free parking.

Businessman David Duffin, earlier offered the village the use of the lot, which he owns, for an indefinite period, at no cost to the municipality.

It is estimated that the expenditure of \$100 for gravel and grading would provide parking for about 20 cars, within easy walking

distance of the commercial area. Some merchants are concerned that a number of motorists have been leaving their cars all day long in the municipal parking lot on Front St., so that shoppers have been forced to look elsewhere for parking spaces.

The Chamber proposes that a three-hour limit be placed on parking privileges in the municipal lot.

Use of the Duffin lot is seen as a temporary, although an immediate and inexpensive, measure to alleviate the parking problem.

George Noble and Douglas Bird were named to represent the Chamber at the May 3 council meeting.

The Chamber delegates also will seek to impress on the members of council the need for the acquisition of more parking space on a long-term basis.

Chambers members discussed the possibility of circulating a petition, requesting council to purchase more property for use as a parking lot.

Councillor Edward Klompaker agreed that more parking area is one of the vital needs of the community.

"With more parking available, there would be a lot more business done here," he charged.

Mr. Klompaker went on to say that Stirling has established a reputation as being a good place to shop... where prices are right and the merchants are friendly.

Councillor Klompaker further stated that part of the local parking problem would be relieved if the business people of the village would stop parking their cars on the street.

Donald P. Williams, chairman of the Hastings County board of education, yesterday revealed plans for a mammoth school complex to be built at Stirling, subject to provincial approval.

Mr. Williams announced that the board was in the process of purchasing a 35-acre site south of St. James St., in the southwestern portion of the village. The property is being purchased from Cosmo Imperial Mills, Hamilton, at a price of \$30,000.

The board chairman stated that the board of education Monday night approved a plan to erect a senior elementary school, with a target completion date of September, 1972.

The board also approved in principle a plan to erect a secondary school in the same complex, with a tentative completion date of 1974.

Both situations require the approval of the Department of Education. Mr. Williams stressed, tentative approval by the Hastings County board of the secondary school phase was required at this time because in planning for the senior elementary school, it is hoped that the heating system, gymnasium, library, shops and offices would be part of an overall complex, Mr. Williams explained.

"This would result in the saving of hundreds of thousands of dollars," the board chairman pointed out.

Availability of ample land, serviced by water and sewer lines, was a key reason for the board's decision to locate a new school in Stirling, Mr. Williams went on to say.

Other 1971 building projects which have received board approval include a senior elementary addition at Frankford, a senior elementary school in Bancroft, an elementary school in Foxboro with a senior program and renovation of the school for retarded children at Avondale.

Mr. Williams said the new senior elementary school in Stirling, for Grades 7 and 8, would relieve serious overcrowding in the village's two existing public schools. At present, Stirling has six portable units in use.

The new senior school would serve approximately the same area as do the existing public schools in Stirling, he said, although some of the pupils now attending Marsh Hill school would be transferred to Foxboro, he said.

The new high school, however, would serve a large territory, the board chairman said, relieving the pressure on Centre Hastings School in Madoc and making it unnecessary for local secondary school students to travel to Belleville.

The new Stirling complex would involve an investment of \$4 1/2 million, and serve from 1600 to 1700 pupils.

The new secretary of the organization is D.W. Rodgers, a

realtor and former reeve of the village.

The new treasurer is Douglas Bird of Stirling's IGA Market.

These two men will take over duties from Eugene Burrell who has been secretary-treasurer of the Chamber for many years.

A new office has been created this year, that of public relations, and will be held by Arthur Duncan, retired public relations officer of Bata Shoe Co., who will be taking up residence in Stirling shortly.

Mr. Loucks said he hoped the Chamber could hold some type of meeting on a monthly basis throughout the year.

## Girls win Toronto tournament

Allowing only two goals in five games, the Ken Sine Fuchs girls hockey team captured the "C" championship cup in the annual Dominion Ladies' Hockey Tournament in Toronto over the weekend.

The accomplishment capped a victorious season for the Stirling team which came through both regular and postseason play unbeaten.

The team racked up three shutouts as they turned aside all opponents in the Toronto International tournament.

"I want to thank the girls for what they've done, an elated team manager, Bernard Farrell, said on Monday, "I also want to thank the coaches, Ted Dobson and Brian Finigan."

Stirling blanked Port Erie 4-0 in the first game Saturday morning. The team was idle for the rest of Saturday, but needed the rest to face Sunday's rigorous schedule.

In the second game, played at 8 a.m. Sunday, the local girls downed Detroit by a score of 2-0.

In an 11 a.m. encounter, Stirling ousted St. Clare by a similar score.

Game Four provided some of the stiffest competition as Stirling edged Taviskosk by 2-1, in a 2 p.m. game.

In their fourth game of the day, at 4:45 p.m., it was Stirling against Mississauga. The local team came out on top by 3-1.

Marg Bateman was a standout in the Stirling net, shutting the door on all but two shots that came her way.

Goal scorers for Stirling were Susan Wright, Brenda Hay, Debbie and Sharon Lessard, Joan Bailey and Shelley Farrell. Forty teams participated in the tournament which was held in the Double Rink Arena.

A large turnout of Stirling fans was on hand to cheer the local girls to victory.

Mr. Farrell said an appropriate celebration will be held at a future date to recognize the team's accomplishments.

## St. Paul's minister will go to Chatham

Rev. J. Bruce Small, minister of St. Paul's United Church, Stirling, for the past six and a half years, has accepted a call to Park Street United Church in Chatham, effective the first Sunday in September.

With 900 families in the congregation, the church is the largest among the Protestant denominations in Chatham.

Mr. Small will deliver his farewell sermon at St. Paul's on the last Sunday of August, after he returns from a summer in Europe.

During July, he will be pastoring a church in Scotland, under an exchange program. He will then take four weeks' vacation before returning to Stirling.

A native of Orangeville, Ont., Mr. Small grew up in Grand Valley, a few miles from Orangeville. He graduated (Honors History) from the University of Western Ontario following which he took his theological training at Emmanuel College, University of Toronto.

During the time he was taking his theological studies, he was a student assistant at Kilmour Park Church in Toronto, and two summers were spent in a mission at French River, Ontario.

Mr. Small's first pastorate was at Bristol, Que., where he served until moving to Stirling in Belleville Presbyterian work, for two years he served as chairman of the Congregation's Life and Work committee, three years as chairman of the Christian Education committee and was a member of the group

## Senior Citizens at play

The Club Room of Senior Citizens was a busy place last Thursday. Eleven tables of progressive euchre were enjoyed with Mary Cooke and John Kane coming high and Margaret Fitchett and Art Broadworth, second high. Gertrude Belshaw might have been high only she lost out to Mary Cooke on the draw for a score.

It was the occasion of Jack Senior's birthday and his wife, Tilley, presented a beautiful cake in his honor.

President Fred Heasman welcomed Harry and Tilley Jeffries as guests and prospective members. Next week promises to be a dandy as slides of great interest will be shown.

We thank Stirling Farm and Garden Supply, out over the tracks, for a nice donation of score card pencils. Do you know that they sell a powerful fertilizer out there? Their block man, Doug Kane, says it should be used with care. He knows one fellow who used too much on his pumpkin patch and the vines grew so fast that they were the pumpkins out dragging them around the field.

The twentieth annual Stirling Festival of Sacred Praise will start next Monday, May 3, continuing to Thursday, May 6.

The event will involve more than 600 people from 15 area communities. They will be competing at St. Paul's United Church in a variety of classes which include choral reading, Scripture memory, school choirs, solos, duets, trios, church choirs, and instrumentals on the piano and organ.

Performers from Stirling, Frankford, Tweed, Brighton, Belleville, Foxboro, Wooler, Batavia, Trenton, Corbyville, Madoc, Glen Miller, Marlbank,

Thomasburg and Roslin will be participating in this year's festival.

The Stirling Festival of Sacred Praise was started in 1951 by the late Rev. A. E. Baker and his wife, Mrs. Baker was minister of St. Paul's United Church at that time.

The festival grew until communities from all across Hastings County and parts of Prince Edward County were sending entrants.

Mrs. Carl Potter, this year's festival president, said "The festival is not concerned with music in general, but is, as the name implies, a festival of sacred praise."

First, second and third class certificates will be presented following the judging of each class. The first certificate will be awarded to the highest contestant over 80 marks; the second certificate will be awarded to the next highest mark, and the third certificate will be awarded to the next highest mark, provided the mark is over 70.

Trophies and shields will be awarded to those contestants who have at least 80%, at the grand finale of the festival, the "Stars of the Festival".

IN THE MATTER OF the Municipal Act, and IN THE MATTER OF the proposed By-Law of the Corporation of the Township of Sidney to stop-up and close an allowance for Highway.

NOTICE IS HEREBY GIVEN pursuant to Section 459 of the Municipal Act, Chapter 249, R. S. O. 1960 and amendments thereto, that the Corporation of the Township of Sidney proposed to consider, and, if deemed advisable, to pass at their regular meeting of Council at the Municipal Council Chambers on Monday, June 7th, 1971, 7:30 p.m., a By-Law to stop-up and close a portion of Township unopened road between lots 24 and 25, Concession Nine in the Township of Sidney, County of Hastings, which said parcel is described as follows: ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the Township of Sidney, in the County of Hastings and being composed of part of the Road Allowance between lots Twenty-four (24) and Twenty-five (25), Concession Nine (9) in the Township of Sidney more particularly described as follows:

PREMISING that the bearings used herein are astronomic and are referred to the westerly limit of Highway Number 14 as shown on a plan of survey deposited in the Registry Office for the Registry Division of Hastings number 1849 as being on a course of North thirty degrees nineteen minutes West (N30 degrees 19' W) and relating all bearings herein thereto.

COMMENCING at a point in the Eastern limit of the aforesaid Road Allowance where it is intersected by the South limit of the North half of Lot Twenty-five (25), Concession Nine (9), Township of Sidney which said point may be arrived at as follows: BEGINNING at the Southeast corner of lot Twenty-five (25), Concession Nine (9); THENCE North forty degrees thirty-five minutes fifty-three seconds West (N40 degrees 35 degrees 53' W) three thousand and thirty-three and eighty-one hundredths feet (3033.80') to a point in the South limit of the North half of the said Lot where it is intersected by the Western limit of Highway 14; THENCE South seventy degrees forty-four minutes West (S70 degrees 44' W) one hundred and forty-three and fourteen one-hundredths feet (143.14') to the point of commencement; THENCE North nineteen degrees fifteen minutes West (N19 degrees 15' W) along the Eastern limit of the Road Allowance between Lots Twenty-four (24) and Twenty-five (25) four hundred and ninety-seven and sixty one-hundredths feet (497.60') to a point; THENCE South seventy degrees forty-four minutes West (S70 degrees 44' W) four feet (4.00') to a point in the western limit of the aforesaid road allowance; THENCE South nineteen degrees fifteen minutes East (S19 degrees 15' E) along the last mentioned limit four hundred and fifty-five and ninety-eight one-hundredths feet (455.98' plus or minus) to a point which said point is distant forty-one and sixty-two one-hundredths feet (41.62') measured northerly along the last mentioned limit from its intersection with the South limit of the North half of Lot Twenty-four (24); THENCE South thirty degrees nineteen minutes East (S30 degrees 19' E) forty-two and forty-one one-hundredths feet (42.41') to a point; THENCE North seventy degrees forty-four minutes East (N70 degrees 44' E) thirty-one and eighty-six one-hundredths feet (31.86') to the point of commencement.

THE ABOVE DESCRIBED parcel of land contains by admeasurement four hundred and fifty-three one-hundredths acres (0.453 acs. plus or minus) be the same more or less.

AND FURTHER TAKE NOTICE THAT before passing the said By-Law at the scheduled meeting stated above, the Council of the Corporation of the Township of Sidney shall, then and there, hear in person or by its Counsel, Solicitor or Agent, any person who claims that his land will be prejudicially affected by the said By-Law and who applies to be heard.

DATED THIS 26th day of April, 1971.

## DOLLARS AND GOOD SENSE

By WILLIAM J. MARTIN  
Mr. Martin serves as special consultant to Avo Financial Services. All questions should be sent to him at P.O. Box 5875, London, Ont. Those containing a name and address will be answered in this column or by direct return mail. No names will be used in print.

Dear Mr. Martin:  
I don't know what's become of today's so-called modern household products. It seems that they are less and less useful. The other day I was cooking something on the stove in a heat-proof glass pan and it cracked right in two. How can people avoid such inferior products?

F.P.

Dear F.P.:  
The problem of the glass pan

might be one of labels. That is, there are several kinds of glass cooking utensils designed for different types of cooking and heat.

Some glassware is made for top-stove use and some is designed only for oven use. There are others that can be employed in both places. Usually, if the pan is designed only for baking, the word "ovenware" will appear on the label.

Before you make any purchase, therefore, be sure you look carefully at the label to know what type of heat the cookware is designed for.

The basic glass cookware, by the way, is from a modern product, Borosilicate, which ovenware cooking utensils consist of, was invented in 1915. Top-stove cookware uses an aluminosilicate glass, and there

are now several other blends of glass for cooking use.

According to the Canadian Consumers Association, glass makes a sturdy, easy to clean utensil which can withstand extensive temperatures. It adds that glass has a low and uneven heat conductivity making it best suited for oven baking.

So the next time you buy a glass cooking utensil, read that label and use the product according to the manufacturer's recommendation. Those labels are important.

Today, I think it might be wise to review some of the basic money rules. Now that we're well along into 1971, it is probably time for a reassessment of our financial planning so far to see if any adjustments are called for.

One rule to remember is that total income is not the real measure of financial standing. Without controlling expenditures, total income means little. In other words, no matter what your net worth is, it's your cash flow that counts.

I've said before that family financial planning today must be as well managed as any business if you are going to get ahead. This includes putting something aside regularly for the future.

Another important rule is to maintain good organization and record keeping. Again, this does not mean that you must act like a CPA but only that you keep the best, most complete records you can.

Don't rely only on cancelled checks either - keep your receipts. A cancelled check doesn't always indicate positive payment.

For example, you may have a difficult time explaining to a tax agent that a cancelled check to your local druggist for \$25.00 was really for \$25.00 worth of tax deductible drugs. You could easily have cashed the check for just \$6.00 worth of drugs.

Another thing to look at is your installment purchases and finance charges. See if you can reduce or eliminate those extra service charges by paying everything within the time limit.

Good financial management includes periodic reviews of your budget or plan so that necessary adjustments can be made in a timely manner. Check yours now.

## Barbecue burgers for picnic enthusiasts

Picnics have become "all season" fun in Canada. No longer are they limited to warm weather days. With skiing and snowmobiles, families are taking off for a Saturday or Sunday and thoroughly enjoying themselves in the great outdoors. These days, it's not uncommon to see a family stopped on a trail with the coal stove set up, having a summer time picnic in the snow!

Packing a picnic starts at your local store. There you'll find buns for the barbecue burgers, condiments to accompany the burgers and fresh bakery items for dessert. Convenience foods are a boon to the picnic crowd!

Before leaving home, wrap individual burgers in foil. Later cook them in their wrappings, or in a fry pan or on a grill.

Barbecue Burgers are just as enjoyable after a morning of water skiing, as they are after a morning on the slopes.

## Barbecue Burgers

1 lb. ground beef  
1 cup fine dry bread crumbs  
1/4 tsp. ground pepper  
1 tsp. salt  
1/2 cup barbecue sauce  
6 sliced hamburger buns  
Combine beef, dry bread crumbs,

pepper, salt, and barbecue sauce; divide into six half-cup portions and shape into patties. Grill over medium hot coals, turning to brown on both sides. Serve each meat patty in a bun.  
Yield: 6 Barbecue Burgers.

Safety devices  
to be mandatory

Heavy duty plug-in type cord sets and receptacles will be mandatory on all electric ranges and electric dryers installed in new homes or apartments in Ontario, effective July 1. Similar regulations will go into effect in the other provinces in 1972.

Regulations issued by Ontario Hydro call for installation of a 50-ampere receptacle into which ranges can be plugged and a 30-ampere receptacle if an electric dryer is to be installed in a new home or apartment.

Heavy-duty cord sets fitted with molded-on plugs for either range or dryer will be sold as a package through appliance dealers, hardware dealers, electrical supply houses and electrical contractors. Simplified instructions for their installation will be included with the package.

After the new cord sets and receptacles are in general use for some time, all new electric ranges and dryers will be manufactured with the cord and plug

set attached.

Plug-in ranges and dryers are a boon to the homeowner as they provide convenience and safety. Appliances can be connected and disconnected quickly, without employing a serviceman and paying a service charge. This is a big advantage when cleaning or decorating the kitchen or basement.

When a family moves, the 240-volt appliances can be disconnected by the movers as quickly, easily and safely as a refrigerator or any other low-voltage unit. At the new location, they are just as easily reconnected without any delay or extra expense.

A vigorous Canada-wide education program is being conducted by the Canadian Appliance Manufacturers Association to ensure that all Canadians are aware of this new development for consumer safety and convenience.

Spring Work cont.: If seeds are to be sown directly, the soil will have to be even more carefully raked and leveled and freed from sticks and stones. To sow seeds in poorly prepared soil is a waste of time and money. Seeds of hardy plants like radish and poppy may be sown as early in the spring as the ground can be worked, and should be, in order to get the benefit of the cool moisture of the soil at the time.

## APRIL IS CANCER SOCIETY MONTH

The phrase "Cancer can be beaten" is also a fact; yet somehow we don't incorporate it into our personality quite so easily. KNOWING that Cancer ISN'T a death sentence, that it is just another disease, and that people DO recover with treatment - becoming convinced of this takes a little time - and a little research. But until you convince yourself, you'll never convince anyone else, especially not someone who is frightened of pain and death - as a Cancer patient is.

## A Tough Problem

In a society which has made the automobile king, the com-  
munity that wants to prosper must think in terms of accommodat-  
ing motor vehicles.

The shopping centre people long ago realized the need to  
provide their customers with ample free parking, within a stone's  
throw of all places of business.

As cars continue to grow in number and shoppers continue  
to grow lazy, the question of providing free parking, on the door-  
step of a commercial area, becomes crucial to a business com-  
munity's survival.

Contemplating the development of numerous shopping centres  
to the south, Stirling merchants are justifiably concerned about  
the need to take action locally, not only to hold the market already  
here but to expand for the future.

Provision of adequate parking area stands near the top of the  
list, if Stirling merchants are to be able to remain competitive.

As matters stand, two problems arise:  
1) The municipal lot is cluttered by cars which are parked  
there all day, every day, while their drivers go on with someone  
else to work or school at Belleville.

2) Several parking spaces are taken up daily by business  
people themselves, who have been leaving their cars outside  
their premises.

Both of these problems could be solved if the offer of David  
Duffin, to make available his vacant lot on North St., as a tempo-  
rary, all-day parking lot, is accepted by council, and provided  
the drivers involved will co-operate.

Still, there is the future to think about and most merchants  
agree that at peak periods on Fridays and Saturdays, the village  
needs more offstreet parking. Council is going to be asked to  
acquire more property for this purpose.

The question which will arise is whether general tax funds  
should be used to provide an amenity for the direct benefit of  
the commercial district. Store owners will argue that parking  
lots benefit all sectors of the population, and furthermore, that  
as the business district goes, so goes the community as a whole.  
It will be a tough decision for council to make, and one which  
could play a major part in setting the future course of the village.

## MRS. MAY KENT

Mrs. May M. Kent, born in  
London, England and resident  
of 18A Front St. West, Stirling  
died in the Belleville General  
Hospital, Saturday, April 7.

In her 66th year, she was the  
daughter of the late Mr. and  
Mrs. John W. Foster.

Before moving to Stirling, she  
had been a 24-year resident of  
Elver Valley and before that had  
resided in Shannville.

She is survived by her daugh-  
ters, Mrs. William (Daisy Ellen)  
Jensen of Ottawa, Mrs. George  
(Margaret) Wannamaker of Bri-  
tish Columbia and a son Dennis

of RR 2, Trenton.

Also surviving her is her hus-  
band Edward Kent.

She was an active member of  
St. John's Anglican Church and  
was a former Girl Guide com-  
missioner for the Stirling area.

The funeral service was held  
from the Hogle Funeral Home,  
Stirling, to St. John's Anglican  
Church, Tuesday, April 20 at  
11:30 a.m.

The service will be conducted  
by Rev. Charles E. Stapley and  
Interment took place in the Stir-  
ling cemetery.

## Letter to the editor

Dear Sir:

I would like to comment on  
"The Teacher Answers" in your  
last edition of the News-Argus.  
I personally believe this ceiling  
on education is long overdue.  
I can remember when our smaller  
schools were to get bigger  
and better and supposedly save  
the taxpayer money. I attended  
a meeting where this was proven  
with figures, but when put into  
practice it didn't work that way.  
If you didn't go along with this  
idea, you were told you didn't  
care about the children.

Now we have our big schools,  
and big taxes, and well organ-

ized teachers, who, in some dis-  
tricts, have gone on strike for  
higher wages. These teachers are  
not, in my opinion, thinking about  
the students.

We bus all our children to  
school and then spend dollars on  
them for outdoor education. Does  
this make sense?

I wonder if the teachers of  
this province are worried about  
the ceiling on education shorting  
the students or their salaries.

In my opinion, the majority  
of people feel it is useless for  
them to complain about any as-  
pect of the education system  
to school boards who can do as

they please. Whether the money  
comes from property tax, income  
tax or grant, it is you and I who  
pay.

Putting this ceiling on educa-  
tion at this time could be a  
political move but in my opinion  
it is necessary.

I am for giving our children  
a good education at a reasonable  
cost.

Yours truly,  
Marvin C. Cooney

April 19, 1971  
Mr. Eldon Kemp,  
Editor of the Stirling News-Argus  
Dear Sir:

I am sending you the renewal  
of my subscription for the News-  
Argus and I am pleased to do so.  
In the March 31 Argus you had  
a picture that interested me very  
much and I have looked at it  
several times as I remember  
every one in it. It is the pic-  
ture of the members of S. S.  
# 24, Sidney, taken in the spring  
of 1912 and I am Arnold Mc-  
Cutcheon.

This photo brought back many  
very pleasant memories to me  
as that was where I got all my  
public schooling. Then I attend-  
ed High School in Stirling for five  
years and passed all my exams.  
Mr. George Kennedy and Miss  
Herring helped to give me a  
splendid education for a suc-  
cessful career. I attended Normal  
School in Ottawa. I taught for  
about 4 and 1/2 years and then  
when I was at White Lake near  
Madoc I had a chance to take  
an exam for the civil service  
(dominion) in Belleville.

I was successful and was pos-  
ted at Corbyville as a civil ser-  
vant. Then I took exams for sen-  
ior civil service work and was  
successful.

When Gilbey's opened I was  
moved there as second officer and  
when McGuinness' opened in Mi-  
nico I was moved there as first  
officer.

I retired at 65 and was 67  
years old last November 30. Now  
I am feeling pretty weak and need  
help to get around so am in a  
Nursing Home.

My wife is in pretty good  
health living at our home in  
New Toronto and she comes to  
see me pretty often and brings  
the Argus. My daughter is mar-  
ried and has two fine daughters.  
They have a nice home in Cooks-  
ville and are doing very well  
at work. My son is still a bac-  
calor and has a very good job  
and is studying too.

I was married shortly after I  
came to Gilbey's and it was there  
that I first met her.

There are several people  
around Stirling that know me  
and I wish you may remember  
me to them when convenient. I  
knew Mr. Hulin very well and  
I hope he and his family are  
enjoying good health. I also knew  
Bob Patterson very well.

I do a great deal of reading  
now and do enjoy reading the  
news about my old friends in  
the Argus. I have a sister, Mrs.  
Melville Gibson, living in Camp-  
bellford and we correspond regu-  
larly.

My main trouble now is un-  
certainty on my legs so I don't  
get around much.

Now I wish you good success

# Four Seasons Hotel opens

The Four Seasons Hotel, a unique operation, opened on the shores of the Bay of Quinte last Wednesday. A gala reception for some 2000 guests was held in the hotel at 8:00 p.m. with all proceeds donated to the Belleville Chapter of the Ontario Heart Foundation.

This is the first time in Canada that a hotel and training school have been combined, for the Bell Canada Technical Training Centre is the major tenant of the hotel.

The hotel is built on eight acres, surrounded by parkland, at the intersection of Highways 14 and 2, and is minutes by foot or car to the Belleville core area. There is parking for 400 cars. Designed for work or play, the hotel offers a year-round pool, sauna, tennis courts, badminton, shuffleboard, volleyball and horseshoe pitching. The pool, which is elevated, has a surrounding deck which commands a perfect view of all the sports activities.

This four-story hotel will operate at the standard of all Four Seasons Hotel, with complete facilities including two dining rooms - the Bay Buffet and the Terrace Room and Lounge - and a gift shop.

The 125 hotel bedrooms are large and airy, modern in concept and color, and many of them overlook the waterfront. In addition there are three function rooms holding from 40 to 125 people, which will be very popular for weddings, small conventions and meetings.

The development team for this Four Seasons Hotel are Four Seasons Hotels Limited, developers of the Four Seasons Motor Hotel, Toronto; Inn On The Park, Toronto; Four Seasons Sheraton, Toronto; Inn On The Park, London, England; Four Seasons Hotel, Nathanya, Israel, and Four Seasons Vancouver, currently in

the planning stages. The architect is Raymond Moriyama, architect for the Ontario Science Centre and the Japanese Cultural Centre in Don Mills. Interior Consultant is Janis Kravitz, Rybka, Smith and Ginsler of Toronto are the Mechanical and Electrical Engineers, and the General Contractor for the project is C. A. Johansen & Sons of Ottawa.

Unquestionably, the Four Seasons Hotel will become a landmark in Belleville.

BELL CANADA TECHNICAL TRAINING CENTRE OPENED

The new Bell Canada Technical Training Centre was officially opened by William Davis, Premier of Ontario. It is being hailed as a unique concept in educational retraining for industry.

Specifically designed to enable students to live and learn in one location, the centre doubles the capacity of Bell Canada's employee training facilities hitherto available, at two locations in Belleville to an annual total of 3,500 students.

The Technical Training Centre occupies one wing of the new Four Seasons Hotel. The training complex makes use of the hotel's residential and recreational facilities and provides educational facilities for 125 students for one to four week courses in technological and management subjects.

The centre has eight classrooms, each equipped with facilities for rear-screen film projection, six laboratories fully equipped with the most modern data and communications equipment, an information systems demonstration room, television and audio-visual production studio, computer terminal room, and library. The centre will employ 12 full-time instructors as well as a number of support personnel. All are employees of Bell Canada.

Courses have been rewritten or restructured to take advantage of the wide range of up-to-date communications equipment. Plans allow for closed-circuit television to be installed throughout the centre, with the TV studio available to students for self-critique and production work. Also provided for in the design of the centre is information retrieval television to the students' bedrooms along with computer assisted instruction.

Courses range from orientation courses for new personnel through to updating and continuing education for longer service personnel. The emphasis at the centre is primarily on technical training, but there are also some management development courses offered.

Another training program for engineering associates has been prepared in conjunction with the Loyola College of Applied Arts and Technology, which assists the training centre with such subjects as electronics, mathematics and interpersonal communications.

The purpose of the Technical Training Centre is to ensure a continuing high calibre of communications, will also make use of the centre's training facilities.

Many management personnel, Bell has some 9,131 at management level who have to be retrained several times during their working careers, on an organized basis. It is also becoming mandatory for the company's 3,500 technical and engineering employees to take courses in Belleville at least once every two or three years.

In addition to Bell's own personnel, over twenty per cent of the students coming to the centre will come from telephone companies in provinces outside Ontario and Quebec, from the United States and from overseas. Inquiries have already been received from Saudi Arabia and Spain. Engineers from Turkey, Chile and Pakistan have been trained previously by Bell in Belleville under Colombo Plan arrangements.

Employees of Bell's recently formed Computer Communications Systems organization which brings together a wide range of expertise required to assist Canadian computer companies to handle the growing volume and diversity of data communications, will also make use of the centre's training facilities.

## CENTENNIAL REPORT

A report by Thom Reynolds from Centennial Secondary School, Palmer Road, Belleville

Fifty runners from Trenton, Centennial, Moira and Brighton Secondary Schools raised \$1300 in per-lap pledges at a run-a-thon held on Monday, April 19. The money will be used for transportation to various meets by the Trenton Track Club as well as entry fees and other expenses. Jim Thompson of Centennial was one of the contestants to reach the 30 lap maximum placed on the competition covering the 7 1/2 mile distance in 46:32 minutes. The next track meet will be the Bay of Quinte meet held on Wednesday, May 14 at Centennial Secondary School.

On Wednesday of last week five Stirling students from Centennial went for a morning orientation program to Stirling Senior Public School. Diane Kleinsteuber, Bonnie McInnes, Roger West, Doug Irish and Lana LaChapelle spoke to Grade 8 students on programs and life at Centennial. The five students also answered any questions the students had. Mr. Sidney Allcorn, Guidance Department Head at Centennial, who discussed study courses offered, accompanied the students.

On Wednesday afternoon of the past week Jon Hopkins, environmentalist, free lance broadcaster and also seen on CBC TV's program This Land spoke to Grade 11 and 12 Agriculture students on the threats to the environment. Mr. Hopkins came to Belleville at the invitation of Moira student Sheila Jourard. He also spoke at a morning assembly at Moira and gave an afternoon talk at Loyola College.

Build up your knowledge, show concern and be prepared to change your life style in the fight against pollution were the words of Mr. Hopkins to the Centennial students. He called for individual concern and action in fighting pollution and said it was human responsibility to keep the environment clean. He compared the world of pollution to the human digestive system and said that abuse of either is a threat on life.

Mr. Hopkins showed a short film he had done research on which was narrated by Stanley Burke called The Great Ameri-

can Goose Egg. The film showed how our natural resources are being exploited to their limit and the great danger of losing all of them.

Mr. Hopkins noted how beneficial town, group and individual clean-ups were in any area. He also told of how pollution had destroyed all the haddock fishing off the continental shelf and how it has been reported that the Hawaiian beaches are polluted. He said that world wide ecological centres are being set up to study the movements of ocean pollution.

Mr. Hopkins is now writing for the new CBC series Vacation Canada which is narrated by his colleague John Foster. The program is seen on CBC Television Wednesday nights at 10 p.m.

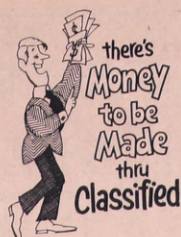

As part of Artfest '71 the Quinte Arts Council had set up a Visual Arts Display which was at the Ben Blecker Auditorium from Wednesday to Saturday of the past week. The display was convened by Fred Riemersma, head of the Art Department of Centennial and by his wife, Margaret. The display was for art from the kindergarten, elementary and secondary school levels. Six art students from the Stirling area had entered pieces of their work into the display. They were Lynn Hoover, Ed Stapley, Kathy Johnston, Tony Svoboda, Kathryn Valchar and Charles Heasman.

On Wednesday night, April 21 the Choral Society of Belleville presented its 5th annual concert in association with Artfest '71 at the Centennial Auditorium. The 45 member choir is directed by Murray Irwin who is a vice-principal at Centennial. Mr. Irwin is also the president of the Quinte Arts Council. The choir's accompanist was S. Alex Gordon of Belleville. Kerry Stratton who is well known for his musical life in Belleville was the violinist. Three students from Centennial also accompanied the choir. They were John Bunner (percussion), Dennis Gunter (string bass), and Nancy Riedel (flute). Attractive stage decor was the creative work of Roy Higgins. Festival production manager.

At the beginning of the concert, the Belleville Cultural Award was presented to local artist, Mrs. Philippa Faulkner by His Worship Mayor J. Russell Scott. On Friday six students from the Stirling area went on an excursion to Montreal. The Grade 11 Geography students of D. Sellers visited harbor facilities, slum areas, Mount Royal, Industries on Montreal outskirts and spent two hours in downtown Montreal. H. Jenkins of the Geography Department also accompanied the group. Stirling students were Danny Jones, Karen Wilson, Karen Parks, Brenda Cooney, Ed Cooney and George Fleming.

BULLETIN

The air conditioning unit at Centennial Secondary School caught fire at 3:40 p.m. Tuesday. By 4 p.m., Belleville firemen had everything under control. The fire was confined to the air conditioning unit, but some smoke and water damage did occur. No one was injured.

**There's one little difference between Ziebart and other rustproofing.**

## Rust.

When someone tells you their own brand of so called "rustproofing" is the "same as" or "as good as" Ziebart, don't you believe it. Because only Ziebart will guarantee your new car won't rust for ten years. No matter how many miles you drive it. We put it in writing.

Our process is so effective, we've inspired a lot of imitators. Some of

them last a while. Some don't. We've been around for 18 years. We pioneered rustproofing. So we know what we're doing.

Ziebart. To us, rust is a four letter word.

## Men's Monday night league

April 5, 1971-The men's League is over for this year and was an exciting year for most of us.

The Odds and Ends were the champs this year and a 325 team they had, it was made up of R. Post, B. Wilson, B. Alderson, J. Hudson, R. McCarty, J. Wilson.

Team standing was as follows:  
1st Odds & Ends  
2nd Maple Leafs  
3rd Legion  
4th Good Guys  
5th Allys Cats  
6th Wild Willys

April 12 & 19, 1971-Then the playoffs came for the top four teams, and G. Noble's team took it by a small pin fall and went away with the prize money.

April 25, 1971-This was the

last of it all for the men when they bowled for the Three Hundred Camp and R. Park won it by a score of 325, 16 men and 4 women bowled for a lamp.

## Among The Books

### STIRLING PUBLIC LIBRARY

A donation has been received from the Stirling Girl Guides, and an appropriate book will be placed on our shelves in memory of the late Mrs. Edward Kent. The Stirling Public Library Board wishes to thank the Girl Guides, and feels that this is a fitting memorial to one who always had the interests of the young people of the community at heart.

With the advent of daylight saving time, the popular Friday night films will be discontinued for the summer, and also the Saturday afternoon story time.

Some of the favorite films seen by the young people this season have been "The Railroaders", "Buster Keaton's Mysterious Cross-Canada Journey made especially for the Centennial", "The Children of Fogo Island", "Paddle-to-the-Sea", and Academy Award winning, "The Red Balloon".

There will be more news about these activities again in the Fall. Among new books on our shelves, are two books that will appeal to hockey fans, especially

now that Stanley Cup playoff time is here. "Hockey" by Fred Frayne is a book with graphic text and action photographs in full color, capturing the vivid excitement of the fastest game in the world. "Hockey Scrapbook" by Frank Orr, is full of information about your favorite stars.

"My Mother, the Doctor" by Joy Daniels Singer, is the story of Anna Kleegman Daniels, told with affection by her daughter, and is about a great and funny woman, one of New York's first women doctors.

Excitement and intrigue are to be found in "Caravan to Vaccares" by Alistair MacLean, and "Passenger" by Agatha Christie. "Spoolerati" by Arden Newsome gives illustrated information on how to make many interesting models, toys, decorations and games for both boys and girls, from spools found wherever there is a sewing box. Other books for our younger readers include "Stepsister Sal-

ly" by Helen Daringer; "Madcap Mystery" and "The Mysterious Schoolmaster" by Karen Ankersvard; "The King's Drum and other African Stories" by Harold Courlander, capturing the wit and wisdom of folktales from Africa; and "Noah Riddle" by Ann Bishop - just the book to keep your friends guessing!

For the picture book set, "The Happy Lion" by Louise Fatto is about a lion that lived in the zoo in a little French town, and what he discovered one day when the door of his house was left unlocked, and "The Moon Jumpers" by Janice May Udry, telling in picture and story what the children find when the warm night-wind tosses their hair, the wind chimes stir, and they all dance, barefooted, over and over the grass, and climb the tree just to be in a tree at night.

We hope to have news of more new books soon, until then, Happy Reading!

### ST. THOMAS ACW HOLDS MEETING

Easter meeting of St. Thomas A.C.W. was held at the home of Mrs. Ed Colden Tuesday afternoon.

The meeting was opened with an Easter hymn and prayers. Mrs. Preston read the Scripture lesson. The roll call was answered with a Scripture verse and minutes of last meeting were read by Mrs. Colden.

A vote of thanks was extended to the hostess and to Mrs. Keller for work done on quilts, also expression of sympathy from members to the president, Mrs. Preston.

The thank offering for A.C.W. Annual was handed in. The program followed with each member contributing an Easter reading.

A hymn and Prayer closed the meeting. Mrs. Colden served lunch.

## University women hold meeting

A panel of University Women consisting of Mrs. C. N. Wilson, Mrs. M. E. Thompson, Mrs. E. A. Manderville and Mrs. R. S. Burt, presented a brief summary and their interpretation of four of the ten sections of the report on the Status of Women at this month's meeting of the Canadian Federation of University Women of Belleville and District. This group of women do not necessarily agree with Women's Lib groups who parade and picket to attract attention.

Mrs. Wilson considered the roles of women in society. Though women are generally more expert than men in the care of children some mothers must work part time to help support the family. Thirty-two per cent of the labor force are women and one half of this number are married. Women should be given equal pay with men for the same job performance. Many married women want to work part time when there are no very young children.

Mrs. Thompson discussed the day-care centres. Other countries have successfully set up day-care centres (England, Sweden, and Denmark). With one million children under 14 with mother's working, there is a definite need for day-care centres. Should they be incorporated into the school system or made flexible enough so the Government can absorb part of the cost? There is also a definite need

for trained staff for these centres so that more may be set up.

Mrs. Burt's topic was taxation. The tax as it stands now does not make it worth while for women to work. Expenses for care of children is not deducted. The report recommended: a discriminatory income, where taxable income would be small, and an imputed income, when you say everyone is worth something. The value of the latter would be estimated on the same service on the market. For example, if you stayed at home your imputed income would be \$2,000. The expenses deducted would be about 90% which would not be taxable. The balance then would be \$200. If the rate is 50%, the tax would be \$100. With a joint return there would be a tax credit for children under twelve.

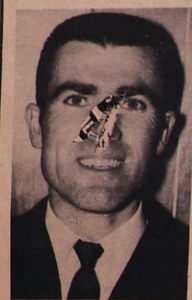

Three tax recommendations made were (1) The federal income tax should be amended so that the \$1,000 exemption would be reduced to \$600. (2) There should be \$500 allowance for every child under 16 to be paid in installments to the mother (3) a unit would be set up and a special tax rate scheduled to include a child care allowance for day-care centres.

Poverty was discussed by Mrs. Manderville. If more than 70% of income is needed for shelter, food and clothing, then you are considered poor. One in five Canadians are poor. These people lack education, so have difficulty finding a job, thus they become undernourished and the circle continues generation after generation. The transient has an average income of \$2,665 yearly. Hostels and counselling services should be available and a time limit of three months stay in the hostel. The woman who is sole supporter of the family is an average \$7,000 in Canada with an average income of \$2,530. They often have large families and inadequate housing. The husbands have deserted because of inability to support the family. The deserted mother, often

works, but in most cases she is unable. A guaranteed annual income is recommended based on the negative income tax. For those over the age of 65, the average yearly income is only \$1,596. Seventy per cent live solely on their old age pension and the supplement. The annual increment is not enough, to keep up with the cost of living.

The Eskimo, Indians and Metis have twice as many children and 5 times the infant mortality rate. Their life expectancy is 10 to 20 years less than other Canadians. The Eskimos have even lower wages - about \$800 yearly. It has been recommended that the Federal Government set up "Friendship centres" in co-operation with the Indians, Eskimos and Metis in order that they may obtain help and make their own decisions.

A business meeting preceded the panel. A pedicure supper is planned for the May meeting. Interest groups are planned as a follow-up to the questionnaire which had a 68% return.

## Cinesphere has six-storey screen

TORONTO—Tests are being made on the newly-installed six-storey high screen in Cinesphere at Ontario Place, using giant-screen, multitrack films and a 57-speaker stereophonic sound system.

The world's most advanced film theatre, Cinesphere is part of the 95-acre entertainment and exhibition complex which opens May 22 on Lake Ontario, south of Toronto's Exhibition Park. The immense new screen presents an overwhelming sight on entering the triodetic domed structure, 90 feet high and 110 feet in diameter, which will be Ontario Place's 80-seat film theatre.

Much planning and over a month's construction went into the 60 x 80 foot screen's installation, under the supervision of a team of screen experts. Because of Cinesphere's deeply curved dome roof, it was necessary to construct a large dish-shaped metal form for the direct installation of the movie screen. This was attached to the inner dome and covered in wire mesh designed to accommodate the huge screen and its background, about 90 x 90 feet in total size.

Cotton scrim fabric was attached to the meshed metal dish, then the perforated vinyl screen material, its soft, self-adhesive chemically treated to harden and stick, was laid over the scrim. This dried to hold the screen firmly in place, and Cinesphere technicians were ready to make their first "trail run" on the mammoth screen.

Visitors to Cinesphere will see dynamic new wide-screen films especially produced for showing on the big screen. These include a spectacular new film on Northwestern Ontario, using the Ontario-developed "Imax" process, which projects an image the full size of the screen. Another new film, a wide-screen look at Eastern Ontario, provides a huge 60 x 28-foot image, using a 14-track stereo sound track. Also, there are two other major films, one on the land and people of the Near North, the other on Ontario's waterways.

In addition to these four new 20-minute films, Christopher Chapman's feature film on Ontario's festivals, highly acclaimed by Osaka's Expo '70 audiences, will be given its North American premiere at Ontario Place.

## HASTINGS COUNTY MILK COMMITTEE

The Hastings County Milk Committee held its last meeting on March 25 in the county. On April 7 they attended a some meeting in Picton. They will meet again in the county on May 27. Milk producers wanting items brought before the committee should contact one of the Directors and make arrangements for an appointment at the meeting.

At the last meeting in March, the committee approved financial

support to the county newsletter so that all milk producers will receive this during the year. This is not a membership in the Hastings Farm Service Club. If you want full benefit from the Farm Service Club you must join the club by paying \$1.00 annual fee at the Stirling office. This \$1.00 fee automatically provides you with additional information and services.

## Conditions At Presqu'ile Still Wintry

The picnic grounds with the barbecue shelters at Presqu'ile Provincial Park near Brighton are still under water. The camp area is still barred to the public. Some of the roads in that area were still snow-covered on Sunday.

It is expected that the water will have subsided by the Victoria Day holiday weekend.

## ACW meeting in Kingston

On April 27, members of St. John's Anglican Church will be attending the Fourth Annual ACW meeting in Kingston, to be held at St. George's Cathedral. Besides the regular business meeting, service of Holy Communion and luncheon, many other interesting innovations have been planned. This year's theme "ACTION BEGINS WITH ME" will be followed through the whole day's proceedings.

In the afternoon the guest speaker will be Mr. R.A. Dodds, Superintendent, Lennox and Addington Board of Education. A dramatic film presentation will also be given by representatives from the Church's National office in Toronto. During a discussion session moderated by Rev. C. Staples, questions will be invited.

### MRS. LAURISON L. SIMMONS

Ill for the past three years, Mrs. Sylvia Simmons, RR 1, Stirling died Sunday in Belleville General Hospital. She was in her 40th year.

Born at Crookston, she was the daughter of Mr. and Mrs. Ward Howard of RR 3, Madoc and had lived at RR 1, Stirling for the past seven years. She was a member of the Madoc Standard Church, and when health permitted was active in all phases of church work.

Aside from her husband she is survived by two sons Larry and Wade, both at home; and four sisters, Mrs. P. (Ruth) Crawford and Mrs. B. (Ruby) Danford, both of Madoc, Mrs. K. (Eva) Tompkins of Campbellford and Mrs. J. (Gayle) Trehear of RR 5, Madoc.

She rested at the Madoc Standard Church from where the funeral, under the direction of the Mackenzie Funeral Home, took place on Wednesday with the service at 2 p.m., conducted by Rev. G. MacGarvey and Rev. F. Clow. Interment took place at White Lake Cemetery.

## River Valley UCW

### Wellman's Corners

(By Mrs. Victor Graham) Mrs. Joe Grills of Carmel spent a few days the past week with Mr. and Mrs. Gerald Russell and family.

Mr. and Mrs. Ed Colby and children were Sunday guests with Mr. and Mrs. Bill Colby and family at Havelock.

Mrs. M. Graham spent Sunday with Mr. and Mrs. Holly Jackson at Harold.

Mr. and Mrs. Bill Stacy and family were weekend guests of Mr. and Mrs. Gerald Russell and family.

Miss Colleen Wynn is a patient in the Belleville Hospital.

### Community club meets

The first meeting of the Stirling Community Club was held in the council chambers on April 7.

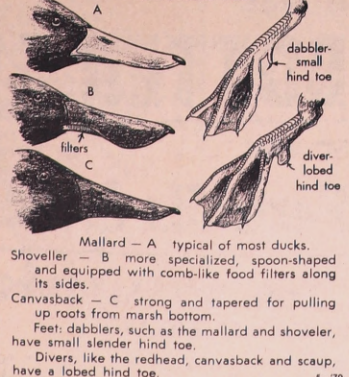

The club held its election of officers. Members of the new executive are Lina Thain, president; Doug Murray, vice president; secretary, Ken Sharpe; sident; Ken Sharpe, secretary; and Janice Morton, press reporter.

The group decided that the meetings would be every third week, if possible. The next meeting will be held on May 5 at 7 p.m., if possible.

Members discussed the topics they could cover during future club meetings. At the next meeting the care and judging of calves will be the topic for discussion.

## MARSH WORLD

DUCK BILLS AND FEET

Mallard - A typical of most ducks.

Shoveller - B more specialized, spoon-shaped and equipped with comb-like food filters along its sides.

Canvasback - C strong and tapered for pulling up roots from marsh bottom.

Feet: dabblers, such as the mallard and shoveller, have small slender hind toe. Divers, like the redhead, canvasback and scaup, have a lobed hind toe.

## St. Paul's Faith Unit

"It is within us". The riches of the implications of this "Truth" are unfathomable. New revelations of it continue to come to those who keep their minds open to the disciples forsook all to follow Him, so must His followers in this day forsake all, including old ideas which are wrapped up in tradition, meaningless observances, etc. Love, forgiveness, and humble service are standards of the Christian life, and can only be sustained by prayer. Jesus was an example of this, deriving power from His communion with God.

The meeting closed with a hymn, and prayer led by Mrs. C. Summers.

A social time with tea was enjoyed and Mrs. M. McMullen expressed thanks.

led by bus on Tuesday evening, April 20th to Brighton. Others near by who attended were, Mrs. Kathleen McMullen, noble grand, Mrs. Madeline Walker, vice-grand and Mrs. Marion Carter. A degree was conferred on one candidate of the Brighton lodge, Mrs. Grant Hubble, Mrs. Oscar Merrick, Mrs. Raymond McConnell, Mrs. Milford Wrightman, Mrs. Sid Williams and Miss Annie Holmes, attended the Horticulture meeting, Monday afternoon at St. Paul's United Church. The Mount Pleasant members were in charge of the arrangements for the program and refreshments, the latter consisting of angel cake, strawberries and ice cream.

Mrs. Herbert Smith, Mrs. Howard Hutcheon, Mrs. John Talama and Mrs. Will Jeffs were in charge of the coffee shop at Hastings Manor in Belleville on Wednesday afternoon, April 21st. Mr. and Mrs. Bruce Simmons and Steven of Cambray, Ont., spent a recent weekend at the home of her sister, Mr. and Mrs. Robert H. Hoard and family.

Some of the ladies have been busy at the church hall fashioning

gowns for the junior choir.

Mr. and Mrs. Percy MacMullen were guests on Saturday, April 24th at the wedding and reception of their great nephew, James McMullen and Ruth Rose in St. Paul's United Church, Stirling.

Mr. and Mrs. Sid Williams spent Sunday with their daughter and husband, Mr. and Mrs. Carman Field and family Kingston. Weekend guests at the home of the White family were Mr. and Mrs. Ralph Westcott and Larry, Oshawa, and Messrs. Lorne White and Fred Westover of Belleville.

### SHOWER PARTY

AT CHURCH HALL On Friday evening, April 23, Mr. and Mrs. Gary Bateman (nee Brenda Campbell) were honored with a community shower party at the church hall on the occasion of their recent marriage.

Robert Hoard was master of ceremonies, Harvey Couch and his son, Kenneth, entertained with several musical numbers, played on the harmonica and accordion.

Selections were read by Mrs. Vernon Harry, Mrs. Herbert Smith and Mrs. Harry McAdam. Piano music was contributed

by Gail Merrick, Heather Hoard, Julie Potts, Suzette Morgan and Jill McAdam. The assembly singing was conducted by Mrs. Carleton Potts and Mrs. Garth Joslin. Mrs. W. C. Cox gave a reading and contributed a vocal selection. Lynn Joslin sang a solo with his mother as accompanist.

Misses Brenda Williams, Joyce Jeffs and Mrs. Claire Knight conducted a humorous contest entitled, "The Mount Pleasant Version of the Newlywed Game". Those taking part were Gary and Brenda Bateman, Ralph and Helen Jeffs, Robert and Lois Hoard, and Frank and Marlene Bailey.

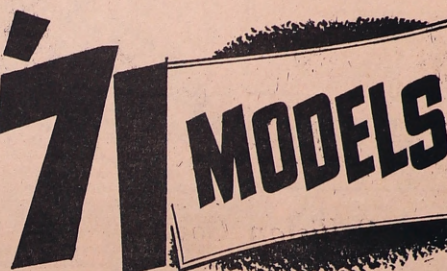

At the close of the program the honored couple were seated at the front of the hall. Miss Brenda Williams read an address of appreciation on behalf of the Mount Pleasant Community and made the presentation of a money gift. They also received a gift from the U.C.W.

The recipients voiced thanks for the party and gifts and invited the group to visit them at their apartment in Stirling.

The committee in charge served refreshments and a social half hour followed.

I would like to sincerely thank everyone who remembered me in any way during my stay in hospital and since returning home. Jean Utman. 17-1

I would like to express my sincere appreciation to neighbors, friends and relatives for flowers, cards and personal calls I received while a patient in Belleville General Hospital and since returning home. Special thanks to Dr. Briggs and Dr. Matheson. Thank You, Jack Livezey, for your kindness to me when I had my heart attack and since returning home. May God richly bless you all. Fred Elliott. 17-1

The family of the late Mrs. Edward Kent would like to thank everyone for their kindness shown during their recent bereavement. Special thanks to Rev. Charles Staples and the Hogle Funeral Home and the doctors and nurses at Belleville General Hospital. Edward Kent and family. 17-1

I would like to sincerely thank all my friends, relatives and neighbors who sent cards, gifts and treats and made phone calls while I was a patient in Hotel Dieu Hospital, Kingston. A special thank you to all who so kindly sent baking to my husband and family and for inviting them out for meals. Your thoughtfulness is greatly appreciated. Again I say thank you. Mrs. Bill (Edith) Reid. 17-1

## Witnesses hold Oshawa meeting

"What is behind the spirit of rebellion?" Arthur Powley asked an audience of 404 Sunday afternoon. The talk was given at the O'Neill Collegiate in Oshawa and was attended by 27 delegates from Stirling.

Powley said that some would blame today's rebellion on a growing lack of respect for law and order; a general breakdown of morals. "There is no doubt that the economic, religious, and political systems of this world have much to be desired, but rebellion against them is, to say the least, ineffectual," he continued.

"It is not just people that are responsible for the spirit of rebellion, for we have had people on the earth for 6,000 years, and yet the spirit of rebellion is at a pinnacle now," he said. Quoting the words of news analyst James Reston, Powley continued, "There is something in the air of the modern world: a defiance of authority, a conscious irresponsibility, a kind of moral delinquency, no longer restrained by religious or ethical faith. And these attitudes are now

threatening not only personal serenity, but also public order in many parts of the world."

According to Powley, "The Bible pins the blame on Satan the Devil, not the middle-ages figure with a pitch fork and a tail, but rather the invisible, superhuman spirit creature that is responsible for the spirit of rebellion."

"The human race is especially the object of his attack in our time, for this period is what the Bible calls the time of the end. It is the end of this system and the end of the Devil as well, and he knows it. That is why he is bringing so much woe for the human race," he continued.

Mr. Powley then urged all in attendance to associate with Jehovah's Witnesses to learn God's sure solution to all man's problems.

"The only lasting remedy is God's Kingdom by Christ Jesus, which will destroy the Devil and his system and usher in everlasting life in a paradise earth," he concluded.

A highlight of the assembly was the public baptism of 29

new ministers, 19 women and 10 men. In commenting on this figure the speaker added that 280,000 Witnesses were baptized in the past two years in the 206 lands where they are active.

In concluding the assembly, Mr. Powley urged the delegates to take back to their home congregation the fine material learned at the assembly. He said that the Bible's laws and principles are just as valid today as when first written.

"By adhering to the Bible's laws and principles, we can be assured of God's favour and blessing," he said.

## Volunteers are sought

The Stirling Voluntary Auxiliary formed for the purpose of supplying regular aid to Stirling's Senior Citizens, and residents of Stirling Towers and Edward St. Manor, request support in visiting, entertaining, and providing transportation.

A meeting will be held in the Council Hall June 2 from 2-4 p.m. and anyone interested is invited to attend.

Membership stands at 15 and the group would be grateful for any assistance offered.

An open House is planned at Edward St. Manor and Stirling Towers during Nursing Month in June.

For information, call Mrs. Boughan at 395-2036.

Ken Holland and John Stephens, both of R.R. 5 Madoc, and Donald McInroy, Roslin, have been appointed municipal fire wardens to issue fire permits in Huntingdon township.

Section 10 of the Forest Fires Prevention Act states "The period from the first day of April to the 31st day of October in each year shall be a fire season."

Section 11, sub-section (1), states: "Except under the authority of a Fire Permit, no person shall start a fire outdoors during a fire season for any purpose other than cooking or obtaining warmth."

Any person found burning without a Fire Permit will be charged under Section 11, sub-section (1).

## Fire wardens are named

ROY A. SOMMERVILLE

Mr. Roy A. Sommerville, of 14 Wright St., Stirling, died in the Belleville General Hospital, Saturday, April 24.

Mr. Sommerville, who was born in Castleton, Ontario, and was in his 61st year, was the son of the late Mr. and Mrs. Robert A. Sommerville.

He is survived by his wife, the former Marie Van Slyke. He spent his last 15 years in Stirling and before that lived in Newville.

Surviving him are his children Beatrice, William, Blake, Borden, Ruby, Elmer and Alvin. The funeral service and committal was held in the chapel of the Hogle Funeral Home, Stirling, and interment took place in the Shilo cemetery, Shilo. The service was conducted Tuesday, April 27 at 3 p.m. by Rev. J. Bruce Small.

## PNG Club holds meeting

The April meeting of the Past Noble Grand's club was held at the home of Sis. Isabel Good Monday evening with a good attendance.

Vice-President, Sis. Verna Woodcock, opened the meeting with an Easter poem after which all repeated the Lord's Prayer. Sis. Ann McInroy read the devotional, which was the "Easter Story."

Sis. Mary Hulin, secretary, read a letter from our foster child in Manila. Our club has been asked to cater to a bowling banquet in May and a motion was passed that we do so. Plans are being made for our Annual Dinner in June.

Sis. Eileen Woodcock conducted an interesting contest for the program and Sis. Anne McInroy gave a reading.

A lunch of sandwiches, pickles, cheese, tea and coffee was served.

Sis. Verna Woodcock thanked all who helped with the meeting.

## Friday night mixed bowling

One more week to go and two teams are tied for first place. They are the Scatter Pins and Korner Pins, both with 109 points. The Mix Ups are in third place with 98 points.

Ralph Park and Ralph Sca are tied for high average with 216. Verna Woodcock still holds the high average for the women with 199.

Last week (April 16) Irene Lippert bowled high triple of 618 for the ladies and John Reichert 698 for the men. They also rolled the high single of 240 and 313.

On April 23, Verna Woodcock rolled high triple of 602 and Ray Poste had 736 with the high single of 232 going to Ivy Poste and 319 to Ray Poste.

Other good games were achieved by Dore Sca, 208; Ralph Riseley, 237; Ralph Park, 202; Bill Reid, 209; Lenora West, 216; Ralph Sca, 213 and 204; Peter Lippert, 213; Ted Meades, 206; Robert Sarava, 219; John Reichert, 216 and 234; Harold Morgan, 209 and 285; Bud Riseley, 209, 234 and 229; Jessie Riseley, 200.

Betty Faulkner still holds high average in the B group of 156 for the ladies. She also rolled high triple of 511 and single of 191. On April 16, Muriel Riseley had high triple of 430 and Susan Rose high single of 183.

George Herbert Ash of RR 5, Madoc, and lifetime resident of the area, died at his residence Wednesday, April 14.

Mr. Ash was in his 92nd year and was the son of Mr. and Mrs. George H. Ash.

He is survived by his sons Henry, Cecil and John who are living at RR 5, Madoc, and his daughter Mrs. J. (Mary) Gellman of Toronto.

He was predeceased by his wife, the former Lucinda Rogers and by a brother and a sister.

He was a retired farmer and was an active member of Bethesda United Church.

The funeral service was held in the chapel of the MacKenzie Funeral Home, Friday, April 14 at 1:30 p.m., and was conducted by Rev. D. W. Heard. Interment was in the White Lake cemetery.

On the successful completion of the safe hunting course, the instructor will issue a certificate to the applicant. This certificate must accompany the application for examination and be submitted to the Napane Office of the Department of Lands and Forests.

It is highly desirable to spread out the Hunter's Examinations throughout the entire year to lessen the congestion during the month of September. In the future, the onus will be on the person seeking his first licence to contact local Hunter Safety Training instructors to determine the time and place for a course and then apply to the Department of Lands and Forests for an appointment to take an examination.

For persons living in the Stirling area, the following instructors may be contacted: Ian Finnigan, Lower Trent Valley Fish and Game Club.

The annual conference of the Rural Learning Association met during the weekend of April 16-18 at Kempsville College of Agriculture and Technology.

The theme of the conference was the space requirements of city, village and rural people. Delegates formed three discussion groups to consider the areas of conflicting interests and how they might be resolved through shared experience. Also under discussion was the invasion of

## Toronto home port for Haida

TORONTO - HMCS Haida, famed destroyer whose service included World War Two's harrowing Murmansk run and United Nations action in the Korean conflict, will be moored permanently at Ontario Place on Saturday, April 17.

Under the supervision of the Toronto Harbour Commissioners, a 60-foot-wide gap has been cut near the end of the east island at Ontario Place, to allow the Haida to enter.

When Ontario Place opens May 22, visitors to the site will have the opportunity to go aboard the HMCS Haida, which will be manned by cadets of The Navy League of Canada.

our personal space by noise, air, water and food pollution.

Technologists see no possibility of a great scientific breakthrough to solve our growing problems and can only recommend remedial measures to correct past mistakes.

By planning now for good land use and orderly exploitation of our resources, we can enrich the quality of our own lives and that of our children, delegates

were told.

Among the recommendations made were those dealing with woodlot cutting licences, funneling the leisure time of more people as volunteers in wildlife and fish management, lifting of wolf bounties in test areas to study the effect, and provision for more areas of public access to rivers, lakes and streams.

Resolutions on the above were adopted and sent to the appropriate government departments. It was proposed that the next conference deal with the direction in which new developments are influencing us and the role of regional government and the rural dweller.

Local delegates were Paul Heisler of the Lower Trent Region Conservation Authority, Irvine Twiddy of Frankford, and Roly Whitley of Trenton.

**A New Point Of View By Botany 500**

The suit with a new point of view - Botany 500's handsome Dacron and worsted sportback that's right for the office, for casual occasions and everything in between. Looks great coming or going, thanks to the exciting new pocket treatment and the smart, comfortable bi-swing back styling. In fact, everything about it, from the smooth, natural shoulder line to the subtle touch of waist suppression and the lightweight, wrinkle-resistant fabric is designed to make it the most comfortable, flattering suit you could choose for Spring and Summer wear. And, it has all the superior fit, meticulous hand-tailoring and expensive detailing that have made the Botany 500 name a watchword for quality and value.

Botany 500 gives each man a little more than he expects.
